ACKNOWLEDGEMENT

No research can come to final destination without the guidance of research supervisor, co-operation from family members and support of friends and persons near or far. There is always a sense of appreciation which one expresses to others for helpful services they render throughout all the phases of life. I too, would like to be thankful to all those who helped me directly or indirectly in achieving this task of research accomplished.

I feel immense pleasure to express my profound sense of gratitude to my research supervisor, Dr. Vinod Chhokar for his forthright supervision, continuous encouragement, invaluable guidance and parental care throughout the course of research work. It is a matter of pride and honour to be associated with such a wonderful person, whose valuable suggestions and wise counsel facilitated me to achieve the final goal.

I am indebted to Dr. S.K. Phulia, Senior Scientist, Indian Council of Agricultural Research-Central Institute for Research on Buffaloes (ICAR-CIRB), Hisar for providing the germplasm to initiate this research work.

I express my deep sense of gratitude and obedience to Dr. Namita Singh, Chairman, Department of Bio & Nano Technology, Guru Jambheshwar University of Science & Technology, Hisar for providing the entire infrastructure and laboratory facilities during my research work. He has always been resourceful and put high baton for this research work. I express my deep sense of obligation and gratitude to Professor J.S. Rana. He was always there to listen and to give advice. I thank Professor Ashok Chaudhury, Professor Neeraj Dilbaghi and Dr. Anil Kumar for their continuous support in the PhD. Program. I feel pleasure in expressing gratitude to all faculty members Dr. Rajesh, Dr. Sandeep and Mrs. Santosh for their continuous moral support.

My sincere thanks goes to my lab mates and friends Dr. Rakesh Yadav, Dr. Narender, Himanshu, Pooja, Sarika, Sulekha, Manju, Sudhanshu and Ravinder for their co-operation, suggestions and moral support.

Special thanks are due to non teaching staff members for their full co-operation and assistance throughout the research work.

Last, but not the least, I would like to dedicate this thesis to my family, my daughter Ayana and my husband Dr. Mahesh Kumar for their love, patience and understanding. They helped me to concentrate on completing this dissertation and supported mentally during the course of this work. Without their help and encouragement, this study would not have been completed.
