ACKNOWLEDGEMENTS

It gives me an immense pleasure and pride to express my sincere gratitude and respect for my teacher and guide Dr. Ahmed Kamal, Directors Grade Scientist, Chemical Biology Laboratory, Division of Organic Chemistry-I, IICT, Hyderabad, for his expert and inspiring guidance. I proclaim my indebtedness to him for his constant encouragement along with the useful suggestions and constructive criticisms during the entire tenure of this work. I consider myself fortunate in that it would have been impossible to achieve this goal without his support and care.

I am indebted to the director Dr. J. S. Yadav for having given me an opportunity to carry out the work and allowing me to submit in the form of thesis. It is a great privilege for me to be associated with Dr. J. M. Rao, Head, Division of Organic Chemistry–I for his kind help and encouragement.

My heartfelt thanks to Dr. M. Venkateswara Rao and Dr. Manika Pal Bhadra, for their constant support, encouragement and timely advice. I take this opportunity to record my appreciation to spectroscopic and analytical divisions of IICT, especially to Dr. A. C. Kunwar and Dr. R. Srinivas.

I pay rich tribute to Prof. B. Kesava Rao, Head, Board of Studies, Prof. B. Syam Sundar, principal and other faculty of Department of chemistry, Acharya Nagarjuna University, Guntur for giving opportunity of my Ph.D programme in the university.

I wish to express my heartful gratitude to Dr. A.S.R. Krishna Murthy, Dr. K. Sitarama Rao, for encouragement and timely advice. It is also an appropriate time to remember all my teachers and professors Dr. P.K. Dubey, Dr. Y. Bharathi Kumari and Dr. S. S. M. Murthy, Dr. Sudhakar who at various stages of my educational carrier encouraged me to reach this level and it all is the fruit of their teaching and blessings.

My special thanks to Dr. M. Naseer Ahmed Khan, Kashi Reddy, Farheen Sultana, B.V.D. Vijay, Asharf, Ratnakar, Dr. Surendra and Dr. Dastagiri for their
kind cooperation in my research and also to Dr. A. K Saxena, Dr. K. Sashivardhan, Dr. Janaki Ramaiah who did my biology works.

I am grateful to my seniors Dr. K.Sreenivasa Reddy, Dr.Kaleem, Dr.Venkat, Dr. Krishnaji, Dr. Shankar, Dr. Malik, Ameer, Dr. Praveen, Dr. Balakishan, Dr. Sreekanth, Rajender, Dr. Azeez, Dr. Rajesh, and Dr. Bharathi.

I am grateful to my lab mates Suresh, Malla reddy, Prabhakar, Venkat Reddy, Ramakrishna, Viswanath, Murthy, Raju, Sheshadri, Subbareddy, Santhosh, saidireddy, Fazil, balu, Srinu, Narsimha, Swapna, Bajee, Jaki, prem sagar, bharath, subba rao, Shankar, ali, siddique, sreekanth, imitiaz, shiva, basha.

I acknowledge the help received from Usha, Shyam, Sainath, Chandrasekhar, Balaraju, Padma and Vishnu.

I always feel thankful to have friends like Swamy, Naresh, Sai, Murali, Sekhar, Karunakar, Mohan, Adi, Ramu, Sudha, Venkat, Malli, Satish, Jayasudhan, Konda, Harsha, Vissu, Srikanth, Prasad, Kola, Subbareddy, Ravinder, Konda reddy, Anil, Aravind, Srikanth, Jeelani, Sridhar, Dr.Ajay, raj and so many.

I owe more than myself to my beloved father Y.V.V. Satyanarayana and mother Bhagya lakshmi who always dreamt that I reach golden heights and sky is the only limit to my success. To them I dedicate this thesis. On this occasion my heart goes for my sisters Mrs. Nagaveni, Mrs. Nagapadma, Dr.(Mrs) Kusuma and their kids hari, siri, karthik, gautam, geethu and my heartful thanks to my brother in laws ramana, raju and nagesh and also to my uncles G. Venkateswara rao, Gandhi.

I take this opportunity to record my appreciation to spectroscopic and analytical division of IICT.

I also thank National Cancer Institute (NCI), USA, Advanced Center for Treatment, Research and Education in Cancer (ACTREC), Navi Mumbai and Indian institute of integrative edicine (IIIM), Jammu for helping in the biological studies.
Financial assistance from the University Grants Commission (UGC), New Delhi in the form of fellowship is gratefully acknowledged.

Finally, I thank Director, IICT, for allowing me to submit my work in the form of thesis.

Y. V. V. Srikanth
