Research is a very arduous task and no venture can be completed without the blessings of Almighty. I consider it my bounded duty to bow to the Almighty whose kind blessings always inspired me to walk in right path of life.

It is my great privilege of seizing this opportunity to express my inestimable indebtedness and profound sense of gratitude to Dr. Rajan Gaur, Reader, Department of Anthropology, Panjab University, Chandigarh, who patiently supervised this work with a great critical insight and intellectual acumen. Under his scholarly tutelage, things always looked within reach. In fact, without his consistent critical suggestions, cheerful encouragement and sincere co-operation, this thesis would have remained futile. The most competent and proficient guidance right from the inception to the dreary job of scrutinizing the manuscript makes me feel very indebted to him.

I express my cordial thanks to Prof. R.K. Pathak, Chairman and Prof. R.N. Vashisht, Ex—Chairman, for providing me all the necessary research facilities.

My sincere and special thanks to the Principals, teachers and children, the subjects of this study, of Una and Narkanda areas of Himachal Pradesh who rendered me a multifaceted help and without whose co—operation this study would never have been completed.

Financial assistance provided by UGC throughout this
work in the form of Junior/Senior Research Fellowship is greatly acknowledged. Besides, I would like to thank Mr. Sunil Chawla, System Analyst, who helped me with the statistical analysis using computer programmes.

A prominent place in the acknowledgement goes to the eternal blessings, warmest affection, sense of belonging, emotional support and lively inspiration of my parents, parents-in-law and love and affection of my brothers and sisters that had infused in me a new zeal and strength time and again.

Last but not the least, I wish to thank PCS Zone (Graphics Division), Sector 15-D, Chandigarh, for having meticulously typed the manuscript and given the final shape to it.
