CHAPTER III: RESEARCH DESIGN (PLAN AND PROCEDURE)  137-194

3.1 Overview  137
3.2 Design of the study  138
3.3 Sample  140
3.4 Tools to be used  143
3.5 Statistical Procedure  193
3.6 Conclusion  194

CHAPTER IV: COLLECTION, ANALYSIS AND INTERPRETATION OF DATA  195-303

4.1 Introduction  195
4.2 Scores of student teachers on the standard progressive matrices sets A, B, C, D and E  195
4.3 Scores of student teachers on the S.E.S. Scale.  198
4.4 Scores of student teachers on Jim Scale  201
4.5 Scores of student teachers on B.G.T.C. scale at initial stage.  207
4.6 Scores of student teachers on B.G.T.C scale after theoretical orientation.  209
4.7 Scores of student teachers during the training period in different skills.  211
4.8 Scores of student teachers on B.G.T.C. scale at final stage.  275
4.9 Effect of the skill of probing questioning on general Teacher Competence. 277
4.10 Effect of the skill of stimulus variation on General Teacher Competence. 280
4.11 Effect of the skill of Reinforcement on General Teacher Competence. 283
4.12 Effect of the skill of Explaining on General Teacher Competence. 285
4.13 Effect of the skill of Illustrating with examples on General Teacher Competence. 288
4.14 Effect of Training on the Development of Teaching Skills. 291
4.15 Effect of Training on Modifying student teachers behaviour as a whole 296
4.16 Conclusion 302

CHAPTER V: CONCLUSIONS AND IMPLICATIONS

5.1 Introduction 304
5.2 A Synoptic Review 305
5.3 Major Findings 306
5.4 Conclusions 312
5.5 Implications 315
5.6 Suggestions 321
