Acknowledgements

My head bows in obeisance to Lord Supreme, who showered on me the physical and mental strength to undertake this challenging task.

Early in the process of completing this project, it became quite clear to me that a researcher cannot complete a Ph.D. thesis alone. Although the list of individuals I wish to thank extends beyond the limits of this format, I would like to thank the following persons for their guidance, commitment, prayers, and support, during the present work:

Prof. (Dr.) S. P. Vij my esteemed teacher and supervisor, has been a significant presence in my life and it is my pleasure and privilege to offer my sincere gratitude and appreciation to him. His ability to probe beneath the text is a true gift, and his insights have strengthened this study significantly. His scholastic supervision, innovations and availability at odd hours have helped me to achieve this goal. It has been an honor to work with him. The experience of working with him will always remain fresh in my mind.

My sincere thanks are due to Prof. R. K. Kohli, Chairman, Department of Botany, Panjab University, Chandigarh, and his predecessors Professors I. S. Dua and M. L. Sharma for providing me necessary facilities and able co-operation for this work. I appreciate the timely help of all the teaching and non-teaching staff members of the department.

My deepest regards are for Mrs. Usha Vij for her affection and encouragement.

I would like to gratefully acknowledge my supervisor Prof. (Dr.) Promila Pathak for her invaluable guidance, constructive criticism and constant inspiration during the entire course of my research work. She always motivated me with her scientific ideas and thought provoking discussions. It is because of her, commitment that I have been able to complete this stupendous task.
The kind supervision of Prof. (Dr.) Harsh Nayyar is gratefully acknowledged. I am thankful to him for his good wishes and many insightful discussions and suggestions whenever asked for.

Sandy (Sandeep Angra) is the only person who can appreciate my quirkiness and sense of humor. He has faith in me and my intellect even when I felt like digging hole and crawling into one because I didn’t have faith in myself.

I am grateful to all my friends from Hostel (Dr. Batra, Dr. Jagtar, Neelkant, Dr. Mehta, Dr. Joshi, Dr. Kashyap, Dr. Pahuja, Dr. Vyas, Dr. Jayant, Thakur, Ashu,) for being the surrogate family during the many years I stayed there and for their continued moral support there after.

My special thanks are due to Dev Raj ji for his lively support ever required during the very awkward moments.

task. Their perennial material and spiritual support guided my life and I owe to them for whatever I am today. My sister Bindia, Jiju Anand, and beloved Vedansh has been very affectionate and supportive during the course of my work. I wish to extend my special thanks and respect to Uncle ji’s Sh. V. P. Sharma and Sh. J. R. Sharma for their needful help during the course of my work.

I am thankful to my Parents-in-law and Shikha, Shelly and Rummy for their support and kind affections during the compilation of my work.

Shaveta is a wonderful and generous wife/friend. I admire her positive outlook and her ability to smile despite the situation. These past several years have not been an easy ride, both academically and personally. I feel that what we both learnt a lot about life and strengthened our commitment and determination to each other and to live life to the fullest.

My little baby Savar I owe my all smiles to you for whenever I was tense your smile and love inculcated fresh energies in me. I am also sorry for at many times I was not able to attend to you during the course of my work.

The list of persons who have helped me at various stages is by no means exhaustive. I have benefited from the assistance and advice of many which I am pleased to acknowledge collectively.
