Stream length
Mean stream length
Bifurcation ratio
Weighted mean bifurcation ratio
Drainage frequency
Drainage density
Drainage Texture
Hydrological Analysis
Water table contour maps
Water quality plots
Chemical Analysis
Field Techniques
Laboratory investigations
  Geochemical parameters
    Percent sodium
    Sodium adsorption ratio (SAR)
    Kelly’s Index
    Residual sodium carbonate (RSC)

CHAPTER -IV GEOLOGY AND GEOMORPHOLOGY  36- 49

GEOLOGY
  The Siwalik
  The Alluvial plains
    Older Alluvium
    Newer Alluvium
  Terai
  Bhabar

GEOMORPHOLOGY
  Structural Hills
  Piedmont Plains
CHAPTER-V

Upper piedmont / The Kandi belt
Lower piedmont / Sirowal belt

Old flat plains
Alluvial plains
  Lower Terrace
  Upper Terrace
  Terrace with sand cover

DRAINAGE ANALYSIS

HYDROGEOLOGY AND HYDROGEOCHEMISTRY

Hydrogeology
  Depth to water levels
  Water table elevation maps
  Ground water flow
  Hydrographs
  Rise / Fall of water levels

Water Balance

Subsurface Geology
  Lithologs description
  Subsurface lithological correlation

Occurrence of the ground water

Hydrogeochemistry
  pH
  Electrical conductivity
  Carbonate and bicarbonate
  Magnesium
  Sodium
  Potassium
  Chloride
Total alkalinity
Total hardness
Residual sodium carbonate
Percent Sodium
Kelly’s Index
Interionic Relationship
  Plot of Ca$^{2+}$ vs. Mg$^{2+}$
  Cl$^-$ vs. HCO$_3^-$
  Na$^+$ vs. Cl$^-$

CHAPTER –VI OBSERVATIONS AND CONCLUSIONS 120 - 131
Observations
Conclusions

BIBLIOGRAPHY 132 - 141
PLATES 142 -145
