Acknowledgments

It gives me a special pleasure to express my deep gratitude to Dr. Fateh Singh Nandd, Reader, Department of Biophysics, Panjab University, Chandigarh, for his guidance and constant encouragement throughout the course of the present study. His perpetual interest and his overall enthusiasm has gone a long way in the completion of my work.

I wish to extend my thanks to the Chairman, Department of Biophysics, Panjab University, Chandigarh for providing me with necessary laboratory research facilities.

I am grateful to the Director, Institute of Microbial Technology, Sector 39 A, Chandigarh for giving me an access to the computing facilities at BIC of the Institute. I am also thankful to Amit Malhotra and Swapan Midsye, both from Center of Computer Sciences, Panjab University, Chandigarh for their constant help.

My thanks are due to Mr. K.L Sharma for his help in photographic work. Laboratory assistance provided by the staff of Biophysics Department, Panjab University, Chandigarh is also acknowledged.

I thank all my friends and colleagues for their support and encouragement. I especially acknowledge the help rendered by Dr. Anil Verma, Lecturer during the final compilation of my work.

The award of research fellowship by the Council of Scientific and Industrial Research, New Delhi, India to enable me to execute this study is also gratefully acknowledged.

My sincerest thanks to my family especially to my brother, parents and grandparents for keeping my moral high throughout the course of the study.

Thanks are due to M/s. Kaizen Graphics for the efficient typesetting of the thesis.
