ACKNOWLEDGEMENTS

Words cannot express my heartfelt gratitude that I owe to my supervisor Dr. D.K. Dhawan, Lecturer, Department of Biophysics, Panjab University, Chandigarh for his invaluable guidance, supervision, unfailing interest and constant encouragement during the entire period of this investigation.

I also express my sincere gratitude to my supervisors Dr. P.C. Mangal, Reader and Dr. N.K. Relan, Lecturer, Department of Biophysics, Panjab University, Chandigarh, for their keen interest, constructive criticism and helpful suggestions, which has enabled me to accomplish this assignment.

I extend my gratefulness to Dr. N.R. Kalla, Former Chairman, Department of Biophysics, Panjab University, Chandigarh and Dr. M.P. Bansal, Chairman, Department of Biophysics, Panjab University, Chandigarh who have made vital contribution by creating a congenial atmosphere for research work at the Department.

I am extremely indebted to Prof. P.N. Trehan, Professor Emeritus (CSIR), Department of Physics, Panjab University, Chandigarh and Dr. Nirmal Singh, Reader, Department of Physics, Panjab University, Chandigarh who guided and encouraged me for using EDXRF facilities in their laboratory which played a pivotal role in executing the present study.

My thanks are also due to Dr. Bakhshish Chand, Dr. M.L. Garg, Dr. Davinder Mehta and Dr. Jatinder Goswami for helping at various stages of research work.

Words cannot express my sincere thanks to S. Ajaib Singh, Department of Adult Education, Panjab University, Chandigarh for all around help extended by him.

I would also like to thank Prof. N.K. Ganguly, Head, Deptt. of Experimental Medicine for providing research facility whenever required.
I must not forget to mention the moral support, co-operation which I received from my loving wife Dimpy and son Karanvir, who despite missing me a lot, had been a constant source of inspiration.

The constructive criticism and appraisal by Ajay Goel as a friend who has enabled me to design, execute and given final shape to this research project cannot be put into words.

Day and night help rendered by my dearest friend Rajinder Thakur, cannot be printed in black and white.

I also thank Charanjeev Singh, who inspite of being from an entirely diverse field, has been instrumental in executing this assignment. His brotherly love, support and respite during the grim days of research.

I am also thankful to my course and lab-mates especially Dr. Rakesh Sharma, Harish Bandhu, Kirpal Singh, Bharat Bhushan, Balwinder Singh, Anil Verma, Deepika, Gaurav, and Vikram, for their untiring co-operation.

Finally, I thank all the helping hands especially Balaur Chand, Swai Singh, D.S. Dogra and Karam Singh.

My thanks are also due to my parents and parents in law and other family members who were indeed a great source of encouragement, understanding and patience to see the completion of this work.

I am greatly indebted to Mr. Suresh Sharma, Chander Mohan Singh, Ram Sarup and Anil Verma of M/s Shagul Graphics for their painstaking efforts to type the manuscript and Mr. Bunty for excellent Xeroxing.

BALJINDER SINGH
