ACKNOWLEDGEMENT

This is golden page for those persons, who have devoted their time and ideas and played an invaluable part in making of this thesis.

First I would like to express my sincere gratitude to my guide Dr. M. N. Jachak for his excellent guidance and continuous support throughout the research program. His professionalism, enthusiasm and strength will always be an inspiration to me. I feel this thesis is an expression of the hard work carried out under his valuable guidance.

I would like to express profound indebtedness to my research co-guide Dr. R. B. Toche for his academic contribution in keeping scientific quality of work through critical supervision, instructive criticism and without compromising the encouragement during the entire tenure.

The name Dr. V. B. Gaikwad needs a very special attention in the entire process of my research carrier. He not only extended the administrative and infrastructural support for this work but motivated me in achieving the targets with sincerity and honesty. He has always encouraged me with his words and actions, remarks and reactions. I thanks to our principal Dr. D. M. Dhondge for infrastructural support for research.

I would like to express my sincere gratitude to Prof. Fuyi Wang Sir for his guidance and suggestions. I feel this thesis is an expression of the hard work carried out under his guidance.

I am grateful to Chinese Academy of Science and Third World Academy of Sciences (CAS-TWAS), CAS key laboratory of Analytical Chemistry for Living Bio system, Institute of Chemistry, Beijing (China) and Department of Science and Technology (DST) New Delhi for awarding the research fellowship for present work.
Also I would like to express my sincere gratitude to Prof. Romain Murenzi (Executive Director, TWAS, the academy of sciences, for the developing world), Prof. Chunli Bai, (President, Chinese Academy of Sciences) Ms. Cristina Simoes and Madam Fu for valuable support. Thank you to members of the department of chemistry who made me feel a part of the “chemistry” family. My special thanks to all my research colleagues Dr. Qun Luo, Dr. Xcli, Dr. Wu Kui, Mr. Zheng Wei, Dr. Guo Wei, Mrs. Lin Yu, Mrs. Duzf, Mr. Gjzhai, Mrs. Liu suyan, Mrs. Wangzy Lydia, Dr. Muddasar Kazi, Dr. Shivraj Patil, Dr. Deepak Shaler, Mr. Sandeep Patil, Mr. Ramhari Rote Mr. Someshwar Deshmukh, Mr. Prashant Nikam, Mr. Shrikant Kanwade, Mr. Ghansham Jadhav, Dr. Sharad Gaikwad, Dr. Balasaheb Pagar, Dr. Dilip Birari, Dr. Maruti Ghagre, Dr. Sandeep Bagul, Mr. Bhupendra Rane, Mr. Raviraj Deore, Mr. Ravindra Janrao Mr. Dinesh bhavsar, Mr. Keshav Mahale, Mr. Kiran Gosavi, Mr. Ganesh Deshmukh, Mr. Nilesh Patil and late Mr. Akil Inamdar for their co-operation during my experimental work in laboratory.

I would like to thanks, the Management Nashik District Maratha Vidya Prasarak Samaj, Nashik, late Dr. V. N. Pawar, for giving me permission to do research work in the Organic Chemistry Research Centre, Department of Chemistry, K. T. H. M. College, Nashik-422002.

I shall always recall with affection the kind co-operation and valuable suggestions of Prof. D. D. Dhavale, Dr. V. D. Bobade, Dr. A. V. Borhade, Dr. S. V. Patil and Dr. V. J. Medhane, who helped me in all respect through the useful discussion during my research project. I acknowledge Shri. Shishupal and Mrs. Chaudhari, for helping me all time to scan IR, $^1$H, $^{13}$C NMR spectra and elemental analysis.
I invariably feel short of words to express my sincere thanks to my parents (*Nana and Nani*) whose efforts have brought me to this stage. I offer the same feelings to my father in law *Mr. Rajaram Darekar*, Mother in law *Mrs. Shobha Darekar* and brother in laws *Ganesh* and *Yogesh* who provided constant support and encouragement and whose blessings made the journey worth the effort. I feels proud to take the names of my sister *Mrs. Sunita (Tai)* and brothers-in-law *Rajendra Agale* who inspired me to complete such a valuable dream. I must also mention my feelings towards my nice *Miss. Madhuri (Didi)* and nephews *Prasad* and *Gokul* for their love and supportive participiation.

Last, but not least, I would like to thank my wife *Kavita*, daughter *Sayali (Lin)* who have been a constant source of encouragement for me. I also thank to my other family members without their support my dream of pursuing higher studies would not have come true.

*[Mr. Shinde Santosh Shashikant]*

Organic Chemistry Research Center,
Department of Chemistry, K. T. H. M. College,
Gangapur Road, Nashik 422002, M.S. INDIA
