ACKNOWLEDGEMENTS

It is with immense pleasure to my most renewable, respected professor and the scientific research supervisor, Dr. P.Ellaiah, M.Pharm, Ph.D, Director, Jeypore College Of Pharmacy, Rondapalli, Jeypore, Orissa., and also takes this opportunity to express profound heart full gratitude for his excellent, invaluable moral support, constant encouragement, sympathetic soothing simulations, positive criticism and scientific research guidance that made a substantial contribution to materialize my Ph.D thesis work. He has also inspired confidence in me to approach the subject from fresh prospective. He is the guiding light throughout my rest of life tenure.

I owe my warmest and humble thanks to Dr. K.R.S.Sambasiva Rao, Professor and Chairman, Department of Biotechnology Acharya Nagarjuna University for his constant support by which the thesis was enriched into the best shape.

I am immensely thankful to Prof. B. Syama Sundar, Ph.D, Principal, University Science College, Acharya
Nagarjuna University, for his personal care, stimulating discussions, inspiring guidance and keen interest.

I express my deepest indebted gratitude to **Prof. K.Viyyana Rao**, Honorable Vice-Chancellor, Acharya Nagarjuna University, for his constant support throughout my research work.

I also express special thanks to **Dr.V.Kishan** and **Dr.Y.Madhusudan Rao** for their heartfelt blessings in successive completion of my Ph.D work.

I am thankful to **Dr. T.V.Narayana** and the management of Dr.HLT College of pharmacy, Channapatna, Karnataka for providing the opportunity to carry out the work.

I express the sincere thanks to **Dr.Swaranjith Singh**, scientist F, Indian Institute of Microbial Technology, Chandigarh, **Mr.S.N.Nene**, Senior scientist, National Chemical Laboratory, Pune and **Mr.C.Raghothama Rao**, Centre for Instrumentation, Indian Institute of Sciences, Bangalore for their scientific support during the experimental work.
I heartfully express my deepest and very special thanks to **Dr. K.Tarakaram** who is a majestic man, sculptured and exile this scientific research towards successive progress into a well defined identity. I really salute to him for his intellectual, laborious efforts towards shaping the thesis work.

I profusely thankful to **Sri Nanjibhai.R.Vekaria**, president, **J.J.C.E.T Sanchalit, Junagadh, Gujarat**, **Dr.Modi, Dr.H.G.Doshi, Dr.Trala** and **Sri Rameshbhai.N.Vekaria** for their soothing, candid blessings and for showering their human moral values in completion of the thesis book and also for their endeavor encouragement.

I am particularly thankful to my elder brother **Sri Kosanam Siva Prasad** who is always think about the progress of my Ph.D and has boosted, filled the nick in the confidence.

I extend my thanks to my bosom friends **Mr.Busam Srinivasa Rao** and **Mr. Metla Raghuenkata Sastry** for their constant encouragement throughout the thesis work.
I extend my thanks to Mr. Uday who helped me in making the thesis during the progress of work. I also extend my thanks to Mr. Sanjay Gadavi for his help during Pre-Ph.D.

I especially express my sincere thanks to the trio Mr. S. Naveen kumar, Mr. P.Prasanth and Mr. P.Vijay kumar for their support in making the thesis a grand success. Mr. S. Naveen kumar has particularly filed the thesis into best sculpture with his keen interest and patience throughout the typing work.

I personally felt to express my immense inner feeling to say heartful thanks to Dr. Chimkode Rajasekhar who encouraged and assisted me in getting the success of Ph.D programme.

I also thank to my friends Dr. U. Srinivas, Dr. Amit Gangwal, Mr. Barla Krishna, Mr. D.L. Kantha Rao, Dr. G.K. Kapse, Dr. Syed Sanaullah, Dr. M.H. Hugar, Dr. Adavi Rao and Prof. K. Durga rao for their useful criticism.
Last but not least, the present work may not be completed forever without my better half K. Syamala, children Chi. Ooha and Chi. Jaswanth for their silent support during my programme.

K. Divakar
