Acknowledgements

I would like to express my appreciations to my co-supervisor, Dr. Jagdeep Kaur. She has taught me, both consciously and unconsciously, how interesting recombinant DNA technology can be. I appreciate all her contributions of time and ideas to make my Ph.D. experience productive and stimulating. The joy and enthusiasm she has for her research was contagious and motivational for me. I am also thankful for the excellent example she has provided as a successful woman researcher and professor.

With the deepest gratitude I thank Ravneet Mam, for her guidance, care, love and parent like support during these years. It was real “home feeling” to be at your place for those lovely dinners.

Sincere thanks to Dr S. Ramachandran for allowing me to work in his lab. Big thanks to Bhanwar and Deepika for their never ending enthusiasm and dedication for helping me in the analysis of transcriptome. It would never have been possible without you guys. May you be rewarded abundantly!

To my lab members: Thank you for your support over the last few years. Thank you Sunil, for very insightful and helpful discussions on different aspects of safed musli and for all your help and support when I seriously fell ill at the time of synopsis. Avneesh, thank you for your support during these years and for your help in running SDS-PAGE gels for me despite your busy schedule. Thank you Dr. Balinder for your timely encouragements, for sharing your valuable experience and for all the efforts you took in checking my thesis. Neha, I thank you for your diligence of taking me to the hospital during the lab mishap. I would always be very grateful to you. Thank you Meha, for being the environment of the lab lively with your discussions. Stay the same! I also thank you for your help during the initial years of my PhD. Good luck to the newbies, Savita and Mohit for their research work.

To Dr Jagdeep Lab: A warm thanks to all the seniors of the past Rajinder Sir, Pushpinder Sir, Jyoti Mam, Abhimanyu Sir, Monika Mam for all the support, lively and warm atmosphere since the beginning of my work at PU. Heartful thanks to all the present research scholars for their assistance: Gurpreet and Arbind, for helping me with my last moment experiments; Gunu for accommodating me at her place and for supporting me at the time of need; Shelley mam, Manisha, Nandita, Dipendra, Rakesh, Vishal and Stuti for all your help and friendship.

It is with my personal touch of emotions that seize this opportunity to express my heartfelt gratitude to my friends Neera, Sandeep, Kriti, Gurpreet and Deep for always there with me and for believing in me. Suruchi, you have been a motivation to me always. Shiveta Bisht, I am grateful to you for helping me analyze the in silico data.

Sincere thanks are due to Dr Pardeep Bhardwaj, Dr Hitesh Thakur and Dr Arun Kumar for their kind help rendered in designing, conducting and troubleshooting experiments at the time of dire need. And to all others, whom I have not mentioned, thank you!

I am also thankful for all the support I got from the office staff of the department: Pritam Sir, Ram Chander Sir, Manoj Sir, Rakesh Sir, Neeru Sir, Raj mam, Surinder Sir, Shashi Sir, Sakshi
Mam, Rajender Prasad Sir, Sanju Bhaitya and Mamta aunty for all your help. This would not have been possible without you all. God Bless you all.

I would like to acknowledge Department of Science and Technology (DST), for the Junior Research Fellowship. I am also grateful to Indian Council of Medical Research (ICMR) for Senior Research Fellowship.

I am especially grateful for the endless love and encouragement from my sister Binny and Gourav jiiji and the ever cheerful Aarush. Thank you for always there for me. Words fail to express my gratitude to my brother Saurabh and bhabhi Manvi for your never ending support, encouragement and profound understanding.

To my father in-law and mother in-law: Thank you Papa and Mummy. You supported me in the darkest times and believed in me even when I did not believe in myself. Your tireless effort enabled me to take the time necessary to complete this work. Sincere thanks are due to Ritu didi and Amit jiija; Geetanjali didi and Rameshwar jiija for your deep understanding, care and constant calls of encouragement.

To my husband, Vaneet: Thank you for always there for me. Even during your busy schedules, you always took out time to help me with everything to finish my work. This would not have been possible without you. No words can express how grateful I am for your love and support and how much I love you.

Above all, I thank God for the gift of life, good health and comfort during anxious and uncertain moments.
