ACKNOWLEDGEMENT

I owe a lot of gratitude to many people. I would like to express my gratitude and appreciation to all those who helped and inspired me in various ways to come this far.

I would like to articulate my deep sense of gratitude to my guide Prof. (Dr.) B. E. Kushare, Professor and Head of Electrical Engineering Department, K. K. Wagh Institute of Engineering Education & Research, Nashik, who has always been a source of motivation and firm support for carrying out this thesis. He has been the most instrumental person for my academic and research achievements. He bestowed their great effort, guidance at appropriate times, valuable discussions, never-ending encouragement, patience and support without which it would have been very difficult for my thesis work. His ability to weed out my incipient fancies and build a strong foundation is manifest in the present work.

I express my sincere gratitude to Prof. (Dr.) M. R. Roda, Prof. (Dr.) G. J. Ghodekar, Prof. A. M. Jain, Prof. T.N. Date, Prof. S. S. Dhamal, Prof. P. M. Sonwane, Prof. S. K. Shinde, Prof. J. D. Patil, Prof. A. M. Shewale and Prof. R. K. Munje of Department of Electrical Engineering, for their stimulating guidance and continuous encouragement throughout the course of present thesis work. I would also like to convey my sincerest gratitude and indebtedness to all other faculty members and staff of the Department of Electrical Engineering and my colleagues for their insightful comments and constructive suggestions to improve the quality of this thesis work.
I am very thankful to Management, K. K. Wagh Education Society for their permission to carry out research work. I am extremely thankful to Prof. (Dr.) K. N. Nandurkar, Principal, K. K. Wagh Institute of Engineering Education and Research, Nashik, for providing me infrastructural facilities to work in, without which this work would not have been possible. I am thankful to Dr. Prakash S. Bodke, Librarian for proving books and digital library facility. I am also thankful to the ENERCON INDIA Training Academy, Daman for their cooperation during the research. It is always a difficult task, to acknowledge each and every person who has been of tremendous help in completion of this nature and magnitude. Nevertheless, I have made a sincere attempt to express my deep sense of gratitude to all concerned.

My sincere thanks go to research progress monitoring committee members for their valuable comments and suggestions during the research. An assemblage of this nature could never have been attempted with our reference to and inspiration from the works of others whose details are mentioned in the references section. I acknowledge our indebtedness to all of them.

Last, but not the least I would like to thank my father, mother, wife Anuradha and son Om for their love, constant encouragement, moral support, extended cooperation and help during this thesis. Finally, I bow down to Almighty GOD for pondering his blessings on me for the successful completion of this phase of my life. I sincerely apologize for any omission and sincerely thank all concerned.

Mr. Deepak Prakash Kadam
