I acknowledge and thank Dr. P.V. Datta Prasad, Reader, Department of Physics, The Hindu College, Machilipatnam for giving his invaluable advice, guidance and encouragement throughout my research work. It is a great pleasure and privilege to work under his stimulating and able guidance.

I am greatly indebted to Professor. Venkata G.K.M. Pisipati, Research Coordinator, K.L. University, Vaddeswaram 522 520, India, without whose help, my work could not have been completed. His blessings of sustained interest and constant encouragement during the course of present investigation helped me to complete this task well in time.

I am grateful enough to the Secretary and Correspondent, Sri D. Ramachandra Sastry and the Principal, The Hindu College, Machilipatnam, for providing the facilities to carry out the work.

I am thankful to DR. M.Ramakrishna Nanchara Rao, lecturer, A. J. Kalasala, Machilipatnam and DR. J. Lalitha Kumari Assistant Professor, Gudlavalleru Engineering College, Gudlavalleru and Miss D.Madahavi Latha, WOS-A, DST, K. L. University, Vaddeswaram 522 520, India, for their cooperation and help to complete the thesis. I express my sincere thanks to S.D.Technical Specialities and the management of SSD Polymers, Machilipatnam for providing me some of the experimental facilities to carry out my research work.

I express my heartfelt thanks to my wife Mrs. P. Sumalatha, my daughter Chy. P. V. S. N. Praneetha and my parents for providing me all the unstinted support throughout this work.
