ACKNOWLEDGEMENTS

This research is an interesting experience of consistent and systematic hardwork. I feel deeply beholden to the God Almighty for giving me the strength and confidence in realising the dream of mine into reality. Research is never a solo performance. I would like to thank all those who have given their time and expertise to help me get this thesis to fulfillment.

I am grateful to my supervisor Dr. Upma Bagai under whose guidance the present work has been consummated. I owe my salutations to her for her continuing faith, incisive criticism and encouragement. I am highly indebted to her for her esteemed supervision, which inspired my best efforts. I strongly appreciate the freedom and the confidence she granted me during this time.

I express my sincere thanks to Prof. Mridula Jain, Chairperson, Department of Zoology, Panjab University, Chandigarh for providing me the best available facilities in lab and department.

Prof. Tajinder Gill former Chairperson, Department of Zoology, Panjab University, Chandigarh deserves special mention for the love, affection and moral support showered by her on me.

The award of Junior Research Fellowship by Panjab University and Senior Research Fellowship by University Grant Commission is gratefully acknowledged.

I am highly obliged to Prof. N.S. Chauhan, Chairman, Department of Horticulture and Forestry, Dr. Y.S. Parmar University of Horticulture, Nauni, Solan for helping me in the selection and identification of traditional medicinal plants.

I also thank to Prof. Karan Vashisht, Chairman, Department of U.I.P.S., Panjab University, Chandigarh for his guidance, moral support and help rendered in phytochemical screening of plant extracts.

There are people who are always and forever for you. I am fortunate to have my best friend Rakesh Katwal and Nisha Vashisht whose patience and words of inspiration pushed me to complete the present piece of investigation.

I have a warm circle of supporting friends Dr. Rajiv Rana, SOM Sunil Sharma, Dr. Manesh Verma, Rakesh Chauhan, ACF Munish Parwani, Dr. Subhash Chander Gangar, Dr. Parmod (Shillong), Dr. Ashok, Dr. Manoj
Verma (Pharma), Sunil Rana, Lovely Thakur, Arvind Jamwal, Dr. Pankaj Kapoor, Dr. Parvin Thakur, Vijay Paul Singh, Ashwani Mandhotra, Sunil Verma (Tiger), Sanjay Dhiman, Late Kulbir Singh, Rakesh Thakur, Vivek Chandel, Hem Chander, Vikas Guleria, Amit Sehgal, Sushil Tiwana, Kavya, Meenu Gupta, Shivali Jaswal and Anita Bodh for their affection and for the memorable times we spent together. These are the people who have always pushed me forward and helped me to go on inspite of various ups and downs.

Remarkable credit goes to Shashi Kant Gupta for working with me in wee hours.

I fall short of words in expressing my deep sense of acknowledge to my affectionate brother Jai Parkash Chandel and bhabhibji Rajni Chandel whose encouragement, moral support and their everlasting love and affection enabled me to accomplish this thesis work. I am unable to express my love in words for my niece Shana and nephew Rishu.

I fall short of words to thank my mamaji Major B.C. Verma and my uncle Raj for their moral support during every thick and thin.

Words betray me to express my gratitude to my beloved mom Mrs. Sarla Chandel, Papa Ji Sh. Dharam Singh Chandel for their unconditional support, encouragement and being with me. My parents have always been my driving force. Without them, I would not be here today.
