ACKNOWLEDGEMENT

Submission of thesis is indeed a very special occasion for me to express my sincere regards and heartfelt appreciation to all those who made possible this thesis a reality.

First and foremost, I am profoundly and everlastingly grateful to my esteemed guide, Dr Pranav S. Shrivastav, Associate Professor, Chemistry Department, School of Sciences, Ahmedabad for his valuable guidance, positive approach, inspiration, patience and enduring leniency throughout the course of my work, providing a major momentum which has successfully led me to the completion of this work.

It is my privilege to acknowledge Prof. N.K. Shah, Head, Department of Chemistry, Gujarat University for her constant support and help at all times of need.

I wish to record my gratitude to my co-guide Prof. J.D. Joshi, Department of Chemistry, Sardar Patel University, Vallabh Vidyanagar for his invaluable suggestions, methodical approach, advice, concern and help throughout the course of the work. My special thanks to Mr. Haren Shah, Managing Trustee, Petlad Education Trust, Petlad for his constant encouragement, moral boosting and advice. I shall fail in my duties if I do not reveal my heartfelt thanks to Dr. Vimal Joshi, Principal, Shri R K Parikh Arts & Science College, Petlad, Dr. Rakesh T. Jasrai, Head, Department of Chemistry, Petlad for their helpful nature, and for allowing me to utilize all the relevant instruments, chemicals and library facilities of the college to pursue my PhD work.

The teaching and non teaching staff of Shri R K Parikh Arts & Science College, Petlad and Chemistry Department, Gujarat University deserves a special mention for their kind cooperation and concern for the future of students. It is indeed my pleasure and privilege to record my appreciation to all my lab members, especially Vijay Chavada who have always lent a helpful hand and made this phase of my life memorable. My friends need special mention for their sense of humor in time of difficulty.
Words fall short to express my profound gratitude to my Father, Mother, Brother and Sisters who have been the pillars of strength and role models of my life in showing me the path of perseverance. With enormous pleasure, I express my thanks to my wife Minal for her unconditional support and motivation during the entire course of my PhD work. My special thanks and love to my son Heet and daughter Heema, who forgave me for stealing so much time from them during my research pursuit. On the same note, I would record all my appreciation to Mrs. Mallika Shrivastav for her care and motivation during the entire phase of research with Dr. Pranav Shrivastav. A special gesture of gratitude for Kaustubh whose unspoken consent enabled my guide to work without hassles.

Last but not the least; I thank the almighty Goddess Saraswati for showering her blessings on this piece of work.
