CONTENTS

Acknowledgement ............................................... (i)
List of Tables .................................................. (ix)
List of Figures .................................................. (xiii)

Chapter -1

INTRODUCTION .................................................. (1-15)
Need of the Study ................................................. 9
Plan of the Research Report ...................................... 15

Chapter-2

THEORETICAL VIEWS .............................................. 16-50
Concept of Academic Achievement ................................ 16
Concept of High-, Average-, and Low-Achievement ................. 19
Approaches to identify High-, Average-, and Low-Achievers ....... 20

Concept of Styles of Learning .................................... 22
Learning Styles and Culture ....................................... 22
Learning Styles and Cognitive Styles ............................. 25
Classification of Styles of Learning .............................. 29
Concept of Locus of Control ...................................... 34

Concept of Achievement .......................................... 39
Motivation .................................................................. 39
Concept of Intelligence ............................................ 45
Levels of Intelligence .............................................. 50
Chapter-3

REVIEW OF RELATED LITERATURE

Intelligence and Academic Achievement

Styles of Learning and Academic Achievement

Learning Styles, Gender, Faculty and Intelligence

Locus of Control and Academic Achievement

Achievement Motivation and Academic Achievement

The Problem

Delimiting the Scope of the Problem

Hypotheses

Chapter-4

METHOD AND PROCEDURE

Design of the Study

Sample

Tools

Reven's Standard Progressive Matrices

Jalota's Group General Mental Ability Test

Approaches to Studying Inventory

Rotter's (1966) I-E Scale

Robinson's (1961) Achievement Motivation Scale

Academic Achievement Proforma

Collection of Data
Statistical Techniques

Chapter -5

DESCRIPTION OF DATA

Normality and Linearity of different variables

Skewness

Kurtoses

Linearity

Chapter-6

STYLES OF LEARNING, LOCUS OF CONTROL, ACHIEVEMENT MOTIVATION, AND INTELLIGENCE IN RELATION TO THE TOTAL GROUP, HIGH-, AVERAGE-, AND LOW-ACHIEVERS

Results

Total sample as related to high-, average-, and low-achiever
Chapter 7

FACULTY-WISE COMPARISON OF STYLES OF LEARNING, LOCUS OF CONTROL, ACHIEVEMENT MOTIVATION, AND INTELLIGENCE OF HIGH-, AVERAGE-, AND LOW ACHIEVERS

Results

High-Achievers belonging to science and arts groups. ... ... 165
Average-Achievers belonging to science and arts groups. ... ... 165
Low achievers belonging to science and arts groups. ... ... 173

Discussion of Results ... ... 172

Chapter 8

SEX-WISE DIFFERENTIALS IN STYLES OF LEARNING, LOCUS OF CONTROL, ACHIEVEMENT MOTIVATION, AND INTELLIGENCE OF HIGH-, AVERAGE-, AND LOW ACHIEVERS

Results

High-Achievers belonging to male and female groups. ... ... 186
Average-Achievers belonging to male and female groups. ... ... 192
Low-Achievers belonging to male and female groups. ... ... 197

Discussion of Results ... ... 201

Chapter 9

NATIONALITY-WISE DIFFERENTIALS IN STYLES OF LEARNING, LOCUS OF CONTROL, ACHIEVEMENT MOTIVATION, AND INTELLIGENCE OF HIGH-, AVERAGE-, AND LOW ACHIEVERS

Discussion ... ... 158
Chapter 10

STYLES OF LEARNING, LOCUS OF CONTROL, ACHIEVEMENT MOTIVATION, AND INTELLIGENCE IN RELATION TO HIGH-, AVERAGE-, AND LOW-ACHIEVERS AT THE SAME AS WELL AS AT DIFFERENT LEVELS OF INTELLIGENCE

Results

High-, Average-, and Low-Achievers at the High Level of Intelligence

High-, Average-, and Low-Achievers at the Average Level of Intelligence

High-, Average-, and Low-Achievers at the low level of Intelligence

High-Achivers at Different levels of Intelligence

Average-Achivers at Different Levels of Intelligence

Low-Achivers at Different Levels of Intelligence

Discussion of Results

Chapter 11

CORRELATES OF ACADEMIC ACHIEVEMENT AND HIGH-, AVERAGE-, AND LOW-ACHIEVEMENT: A BIVARIATE CORRELATIONAL APPROACH

Results

Discussion of Results
Chapter-12

CORRELATES OF ACADEMIC ACHIEVEMENT AND HIGH-, AVERAGE-, AND LOW-ACHIEVEMENT: A MULTIPLE REGRESSION ANALYSIS

Results

Multiple Regression Analyses

Multiple Regression Analyses: High-, Average-, and Low-Achievers Comparisons

Discussion of Results

Chapter-13

CORRELATES OF ACADEMIC ACHIEVEMENT AND HIGH-, AVERAGE-, AND LOW-ACHIEVEMENT: A FACTOR ANALYTIC APPROACH

(GLOBAL STUDY)

Results

Factor-Structure of the Total Sample

Factor-Structure of the High-Achieving Group

Factor-Structure of the Average-Achieving Group

Factor-Structure of the Low-Achieving Group

Discussion of Results

Chapter-14

LEARNING STYLE CORRELATES OF ACADEMIC ACHIEVEMENT AND CULTURE: A BIVARIATE CORRELATIONAL APPROACH

Results

& Discussion of Results
