Acknowledgements

In the ongoing journey of education and learning, doing research for the degree of Ph.D., is probably, the most significant in a researcher's life.

At the outset, I would like to express sincere gratitude to my advisor, Dr. Jitendra Mohan, Professor Emeritus, Department of Psychology, Panjab University, Chandigarh, for his unflinching support, motivation, enthusiasm and thorough knowledge which has helped me immensely in accomplishing this research work. I could not have imagined having a better advisor than Professor Jitendra Mohan who is not only a captivating and true embodiment of a mentor but a role model also. This work would not have been possible without his sagacious guidance, constant inspiration, encouragement and valuable suggestions which have helped me overcome all the difficulties in contemplating this research journey. His insightful comments and constructive criticisms at different stages of my research were thought-provoking and helped me focus my ideas.

I would like to express my sincere gratitude towards my co-supervisor, Dr. Jaspal Singh Sandhu, Professor and Dean, Faculty of Sports Medicine & Physiotherapy, Guru Nanak Dev University, Amritsar, for his continuous motivation in contemplating this research journey. Professor Jaspal Singh Sandhu is known for his expertise in the field of sports medicine. I consider myself lucky to have him as my supervisor. His helpful attitude and positive inputs have enhanced the quality of my work. It's his good wishes that one of his post graduate student is in a position to complete Ph.D. thesis. It has been a tremendous learning experience and I thank him for his continuous encouragement and inspiration.

I would like to express my sincere gratitude towards Dr. Meena Sehgal, Professor, Department of Psychology, Panjab University, Chandigarh, for her invaluable support, encouragement and unflinching conviction in accomplishing my Ph.D. thesis. She has contributed immensely to my professional perspective and her continuous support and guidance has helped me manifold in shaping my research work. I am deeply grateful to her for the worthwhile discussions that helped me sort out the technical details of my work. Her positive attitude and warm encouragement have taken me ahead and would serve as enormous contribution towards my academic and professional goals. I was very much privileged to learn from her, and I thank her for consistently extending her research expertise throughout my work.
I would like to extend my sincere thanks to Dr. Seema Vinayak, Professor and Chairperson, Department of Psychology, Panjab University, Chandigarh, for her continuous support and invaluable help in completing my research work. I would also like to thank the entire Department of Psychology, Panjab University, Chandigarh, for their assistance in completing my research work.

I would like to extend my sincere thanks to Dr. Shyamal Koley, Associate Professor and Head, Department of Sports Medicine & Physiotherapy, Guru Nanak Dev University, Amritsar for believing in me and supporting me in my research endeavor. His constant encouragement, motivation, timely support, and invaluable suggestions have immensely helped in completing this research work.

I would like to extend thanks to Dr. Bibek Adhya, Sr. Physiotherapist, PGIMER, Chandigarh for his consistent support, motivation, and helping me in completing this research work. I would also like to extend thanks to Dr. Nikhil for his invaluable support and timely help.

I would also like to extend my sincere thanks to all the participants of the study who spared time for the research work.

I take this opportunity to express my heartiest gratitude to my parents and brother Kamal for their sincere encouragement, incessant faith and inspiration, as also in sharing my passions to lift me uphill this phase of life and rekindle my dreams.

Most important, I am indebted to the Almighty for granting me the wisdom and perseverance to work for the degree of Ph.D.

Maman Paul
