ACKNOWLEDGEMENTS

The success of this study has been possible because of the great attention, patience, encouragement and valuable guidance of Dr. (Mrs.) B.K. Saini, my supervisor. I wish to express my deepest thanks and gratitude for her kindness.

My grateful thanks are also due to the experts in TEFL in Thailand, the EFL primary school teachers, the principals, the English-major teacher trainees, the students, and the parents as well as the concerned personnel and institutes whose cooperations and assistance helped me in completing the project.

Also, I would like to express my sincere thanks to all friends in one way or the other being helpful to me in my work.

Finally, I must express here that, without the inspiration, understanding and moral support of my beloved family -- Dr. Sukit Suwannachairop -- my husband, children, and parents, the entire study would not be possible. I, therefore, dedicate this success to them.
