<td>4.1 Chapter I</td>
<td>Section I: Speedy and regioselective iodination of activated arenes using quinolinium chlorochromate-iodine under microwave irradiation 51</td>
</tr>
<tr>
<td></td>
<td>Section II – Part A: Utilization of microwave energy for protection of aldehydes and ketones as phenylhydrazones and semicarbazones 58</td>
</tr>
<tr>
<td></td>
<td>Part B: Microwave assisted selective oxidative regeneration of carbonyl compounds from corresponding phenylhydrazones and semicarbazones using solid support 64</td>
</tr>
<tr>
<td>4.2 Chapter II</td>
<td>Section I: Stereoselective synthesis of (E)-α,β-unsaturated amides via microwave mediated aldol condensation using KF-Al₂O₃ 70</td>
</tr>
<tr>
<td></td>
<td>Section II: Microwave promoted synthesis of a few amides using solid support 76</td>
</tr>
<tr>
<td>4.3 Chapter III</td>
<td>Section I – Part A: Microwave induced chemoselective thioacetalization and transthioacetalization of carbonyl compounds catalyzed by [bmim]HSO₄ 88</td>
</tr>
<tr>
<td></td>
<td>Part B: Highly efficient cleavage of thioacetals using [bmim]HSO₄ under solvent free conditions 96</td>
</tr>
<tr>
<td></td>
<td>Section II: Simple, facile and one-pot conversion of aldehydes to nitriles and ketones to amides using [bmim]HSO₄ under microwave irradiation 100</td>
</tr>

(i)
4.4 Chapter IV

Section I: Synthesis of methyl substituted benzofurocoumarin-2,3,4,5-tetrahydro-7,8-dimethyl-9H-benzofuro-[3,2g][1]-benzopyran-9-one

Section II: Synthesis of 5-styrylfuran-2-carboxylic acid methyl ester, a constituent of Renealmia nicolaioides

4.5 Chapter V

Section I: Ultrasound mediated highly efficient one-pot synthesis of unsymmetrical diorganyl chalcogenide compounds in aqueous media

Section II: Synthesis of β-seleno (or thio) esters and β-seleno (or thio) nitriles using Zn-HCOONH₄ induced reductive cleavage of S-S and Se-Se bond
