I am extremely delighted to place on record my deep sense of gratitude to my venerable supervisor Dr. G.S. Sodhi, Department of Education, Panjab University, Chandigarh, for suggesting me to explore the field of Individualized Instructions. His outlook of searching and comprehensive nature, deep insight into the subject, persuasive approach, uprated educative criticism coupled with initiative dynamism gave me inestimable aspiration as well as guidance. My emotions and reverence for him, indeed, cannot be expressed by these lexical words. I am extremely grateful to Mrs. G.S. Sodhi and family for always accommodating me.

I am also thankful to Mrs. B.K. Saini, Chairman, Department of Education, Panjab University, Chandigarh, for providing me the necessary facilities in the department.

My thanks are due to the Principals/Headmasters, Mathematics Teachers and Students of the Higher Secondary Schools of Jammu City for help rendered during the collection of required data and providing assistance at various stages of the research.

I express my sincere thanks to Mr. Kalwant Rai Mittal, for rendering valuable service in typing of the manuscripts.
