Acknowledgements

I would not have been able to complete this journey without the help and mercy of Allah.

It is difficult to overstate my gratitude towards my Supervisor, Professor Rupinder Tewari without whose leadership, support, attention to my work, motivation and encouragement I would not have considered a research career. With his enthusiasm, inspiration, and his great efforts, he helped to make my working environment fully equipped and simple. I am extremely grateful to him for proofreading my thesis and for giving me an opportunity to pursue my doctoral research at the Department of Biotechnology and thus making it possible for me to realize my research hopes and dreams. I doubt that I will ever be able to convey my appreciation fully, but I owe him my eternal gratitude.

I would like to express my gratitude towards my co-supervisor, Associate Professor Dr. Neelam Taneja, Department of Medical Microbiology, Post-Graduate Institute of Medical Education and Research, for her inspiration, for her help find solutions to problems, improve my pace of work and for helping me in analyzing the clinical relevance data. I appreciate the amount of time and work that went into seeing me through this research situation. I would also like to thank the entire faculty in the Department of Medical Microbiology, PGIMER.

I wish to thank Professor R. C. Sobti, V.C. Panjab University and former Chairman, Department of Biotechnology, for all kinds of help.

My sincere thanks go to Dr. (Mrs) Jagdeep kaur, Reader, Chairperson, Department of Biotechnology. The teaching faculty, office staff and technical staff of the department are sincerely thanked for making my stay in the department a memorable one.

My profound thanks go to Dr. Arti Capil, Department of Microbiology, AIIMS for providing me reference strains of bacteria.

I am grateful to the technical staff of the Enteric Laboratory, Dr. Pooja, L. P. Singh and Ritu; the technical staff of Hospital Infection and Surveillance Laboratory, Dr. Malkit Singh, Ramchandher and Rekha; and office staff, Department of Medical Microbiology, PGIMER for helping me make my work possible and for assisting me in different ways. Staff from the Media Room helped me a lot. They are all equally thanked for their technical assistance at all times.

I would like to extend my cordial thanks to my friends and labmates Alka, Menaka, Kunzal, Vani, Phulan, Manu, Onkar, Jaswinder and Amit, for providing me the greatest strength and joy. I am thankful to Rajan for helping me arrange this thesis, to Shahin, my colleague and wonderful friend, for his invaluable inputs into...
the thesis and his constant help. I highly thank him for his motivating ideas, constructive discussions, advice and skills during my research. I would like to extend my cordial thanks to Iram for her timely help at several stages of my research.

It is indeed a pleasure to mention my friends Adnan, Majid, Khalid, Muneem, Gibreel and Anwar for their company and support.

I wish to express my deep sense of gratitude to my parents, sisters, brothers and niece for providing an encouraging environment, and for their understanding and patience. They all bore with me, supported me, taught me and loved me.

I thankfully acknowledge Panjab University for giving me an opportunity to pursue my doctoral studies at the Department of Biotechnology.

I sincerely acknowledge The Indian Council for Cultural Relations (ICCR), Ministry of Foreign Affairs, Government of India, for providing financial assistance.

Bassam Yasein Khudaier,
August 2007
