Acknowledgement

This research work is devoted to my parents, who made me to complete this work successfully. And secondly to my dear friend Dr. Sandeep Awasthi who inspired me to do something for the development of sports and physical education.

Specially I express my gratitude towards Dr. Daljeet Singh Toor, (Professor) Department of Panjab University, Chandigarh, for his enlightened guidance, perceptual interest and magnificent encouragement in the overall completion of work.

My sincere thanks are extended to Dr. N.S. Mann (Chairman), Department of Physical Education, Panjab University, Chandigarh and Dr. S.N. Sharma (Reader), Department of Physical Education, Panjab University, Chandigarh to co-operate me all the times during my research work.

I wish to thanks all the lecturers in Physical Education of different colleges, who helped me in the collection of data.

All the young male athletes responded willingly to the completion of the questionnaire, for whom my sincere thanks are due.

My sincere thanks are also extended to my friends Naresh Kumar (Chartered Accountant) and Mr. Mahinder Singh Chahal (Department of Law, Panjab University, Chandigarh) to co-operate me all the time during my research work.

I also wish to thank Mahendru, for extending all sorts of help in computerizing the data and getting required results.
I thanks Sh. Uttam Chand storer, for the use of library of the department of Physical Education, Panjab University, Chandigarh, will ever be remembered by me.

I also thanks the clerical staff and the peons of the Physical Education Department, Panjab University, Chandigarh to help me during research work.

I also acknowledge the painstaking efforts taken by team of M/s PCS Zone (Graphics Division), Sector 15, Chandigarh, for meticulous typesetting of this manuscript.

Last, but not least, I express my indebtedness to my wife Sangeeta for exemplary display of understanding and forbearness in all odd occasions during whole span of research work. My sons Visharad and Savant never grumbled, even remain neglected during whole period of research work.

Chandigarh
June 2003
