ACKNOWLEDGEMENTS

The author would like to take this opportunity to express her deep appreciation to all those who have contributed through their guidance, constant encouragement and help in the completion of this study.

I am greatly indebted to Prof. S.K. Sharma, Director, Energy Research Centre, Chandigarh not only for his able guidance and sincere advice but also for his constant inspiration and discerning encouragement throughout the course of this study.

I, sincerely thank the officials of Ministry of Non-Conventional Energy Sources (MNES), Department of Science and Technology, Haryana, Punjab Energy Development Agency (PEDA), Him Urja, Himachal Pradesh and Tata Energy Research Institute (TERI) for their assistance in collecting relevant information for the study.

I, extend my gratitude to the staff of Energy Research Centre, Panjab University, Chandigarh for extending all possible help and co-operation during the course of this study.

I, sincerely acknowledge the contribution of my colleagues Sh. Yash Pal Bansal and Navneet Pal Singh for the zeal with which they selflessly offered their help in many ways in the completion of this study.

Sincere thanks are extended to Dr. R.K. Wanchoo, Head, Department of Chemical Engineering, Regional Engineering College, Jalandhar for his help and valuable suggestions throughout the course of this study.

I must express my sincere thanks to my friends Kiran Pal and Parveet Kaur and Dr. Suneeta Chopra for their moral support and encouragement for the study.

I am heartily indebted to my husband Mr. H.S. Narula and children Navneet and Tania for their inspiration, constant help, encouragement and moral support throughout the course of this study.

I am also thankful to all the respondents for their co-operation in answering the queries during data collection.

Last, but not the least, I owe a deep sense of gratitude to Sh. Tulsi Ram for his whole hearted help and co-operation in the successful completion of this study.
