ACKNOWLEDGEMENTS

I shall place on record my deep sense of gratitude to Prof. Ashok Sahni, FNA., FASc., of Centre of Advanced Study in Geology, Panjab University, Chandigarh, for his invaluable guidance throughout the course of this work and inculcating in me the spirit of scientific reasoning.

I am grateful to Dr. Jagadish Pandey, General Manager (GRG), KDMIPE, ONGC Ltd., for introducing me to the world of micropalaeontology and his guidance throughout the course of this work.

I am also grateful to Prof. Michele Caron of Institute of Geology, University of Fribourg, Switzerland, for inculcating in me the finer points of fossil identification, specially the Late Cretaceous planktonic foraminifers and their biostratigraphical studies.

I am extremely grateful to Prof. S. B. Bhatia, F. N. A., C. S. I. R. Emeritus Scientist, for helping me in developing the special maceration method used in this work and his invaluable suggestions on various occasions.

Special gratitude is expressed to Dr. D. S. N. Raju, Deputy General Manager (GRG), KDMIPE, ONGC Ltd., for his invaluable suggestions on many occasions. I am highly thankful to Dr. P. K. Mishra, Senior Geologist, KDMIPE, ONGC Ltd., for inculcating in me the science of fossils identification during the initial stage of this work. I am also thankful to all the members of the Palaeontology Wing, KDMIPE, ONGC Ltd., for their helps in various ways.

I am grateful to Dr. S. A. Jaffar, Birbal Sahni Institute of Palaeobiology, Lucknow, for providing me with the calcareous nannofossil data and for his invaluable suggestions.

I am also thankful to Dr. Ravinder Kumar of Centre of Advanced Study in Geology, Panjab University, Chandigarh, and Dr. Kishor Kumar, Scientist C, Wadia Institute of Himalayan Geology, Dehradun, for their help in taking thin section photographs. I extend my thanks to Dr. R. Y. Singh and S. K. Kulshrestha for their suggestions on many occasions.
I would like to thank Mr. K. Dilip Singh, Geologist, Directorate of Industries, Govt. of Manipur and all the employees of the Manipur Cement Factory, Hundung, for their help during the field trips.

I would like to express sincere thanks to Chairman, Centre of Advanced Study in Geology, Panjab University, Chandigarh and Director, Institute of Geology, University of Fribourg, Switzerland, for the laboratory, library and field equipment facilities. Sincere thanks are also due to Dr. Neera Sahni and Mr. Dewi Cao for their help and assistance in taking SEM micrographs.

I thank my Colleagues Dr. Asit Jolly, Dr. Sunil Bajpai, Dr. Rajeev Patnaik, Dr. Srinivasan, Dr. Rahul Srivastava, Mr. Shelander Kulshrestha, Mr. Ashu Khosla and Mr. Ritesh Arya for their help in various ways. I am thankful to Mr. Ranbir Sarungba and Mr. Bhagat Oinam for their help in many ways.

A part of the present research programme was funded by the Council of scientific and Industrial Research (CSIR grant no. 9/135 (194) 92/EMR-1) in the form of Junior Research Fellowship(1992-1993) and another part was funded by Commission Swiss Govt. Scholarship (1993-1995) and are gratefully acknowledged.

Chandigarh
April, 1995.
