Chapter - I

1.0 Secondary Schools and Secondary Education ....................................................2
1.1 Concept of Modernization ............................................................................... 3-5
1.2 Indices of Modernity ............................................................................................5
   1.2.1 Cognition of Modernity ............................................................................ 5-6
   1.2.2 Attitudes and Opinions on Large Societal Matters ................................. 7
   1.2.3 Life Styles and Life Patterns of Teachers ............................................... 7-8
   1.2.4 Exposure to Mass Media ......................................................................... 8-9
1.3 Concept of Role-Structure ................................................................................ 9-13
1.4 Indices of Role-Structure ....................................................................................13-14
   1.4.1 Professional Commitment ........................................................................ 14
   1.4.2 Professional Aspiration & Achievement ................................................. 14-16
   1.4.3 Job Satisfaction ..................................................................................... 16-17
   1.4.4 Morale .................................................................................................... 17-18
   1.4.5 Authoritarianism ................................................................................... 18-19
   1.4.6 Relation with Role Set Members .......................................................... 19-20
   1.4.7 Attitude, Behaviour & Communication ................................................ 20-21
   1.4.8 Professional & Social Awareness .......................................................... 21
1.5 Rationale of the Study ...................................................................................... 21-25
1.6 Statement of the Problem ................................................................................. 25
1.7 Objectives of the Study ...................................................................................... 25-26
1.8 Hypotheses ...........................................................................................................26-27
1.9 Delimitation of the Study ................................................................................... 27

Chapter - II

Survey of Related Literature

2.1 Related Literature : Its importance .................................................................28
2.2 Relation between the Variables ........................................................................29
   2.2.1 Modernity & Modernization in Education .............................................29-33
Chapter - III  Method & Procedure

3.1 Design of the Study ................................................................. 53-54
3.1.1 Dimensions of the Design ................................................... 54-56
3.2 Tool & Its Description ............................................................. 56
3.2.1 Development of Questionnaire .......................................... 56-57
3.2.1.1 Pre-try out of the Questionnaire ................................. 57
3.2.1.2 2nd Try-out of the Questionnaire ................................. 57-58
3.2.1.3 Reliability ............................................................... 58
3.2.1.4 Validity ................................................................... 58-60
3.3 Sample .................................................................................... 60-64
3.4 Scoring of the Data ................................................................. 64
3.4.1 Scoring Procedure for Modernity Indices ......................... 64
3.4.1.1 Cognition of Modernity ............................................... 64-65
3.4.1.2 Attitudes and Opinions on Large Societal Matters .......... 65
3.4.1.3 Life Styles and Life Patterns of Teachers ...................... 66
3.4.1.4 Exposure to Mass Media ............................................ 66-67
3.4.2 Scoring Procedure for Role Related Indices ..................... 67
3.4.2.1 Professional Commitment ............................................ 67-68
3.4.2.2 Professional Aspiration & Achievement ....................... 68-69
3.4.2.3 Job Satisfaction ....................................................... 69-70
3.4.2.4 Morale ................................................................. 70-71
3.4.2.5 Authoritarianism ...................................................... 71
3.4.2.6 Relation with Role Set Members ................................ 72
3.4.2.7 Attitude, Behaviour & Communication ....................... 72-73
3.4.2.8 Professional & Social Awareness ............................... 73-74
3.5 Measurement Process ............................................................ 74
3.5.1 Measurement of Total Score of Modernity ....................... 74
3.5.2 Measurement of Total Score of Role-Structure ................... 74
3.5.3 Formation of Treatment Combinations ............................. 74-75
3.6 Statistical Techniques ............................................................. 75
3.6.1 Analysis of Variance .......................................................... 75
3.6.2 Analysis of Variance using Treatment Means .................... 76
Chapter - IV Analysis and Interpretation of Data

4.0 Summary Tables of Analysis of Variance .................................................... 78-81

4.1 Analysis of Variance for Modernity (Index Wise) ............................................. 82

4.1.1.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with Respect to Cognition of Modernity ........................................ 82

4.1.1.2 Analysis of Variance for the Interaction of Sex, Faculty & Territory for Cognition of Modernity .............................................. 83

4.1.1.3 t-ratios for the Interaction of Sex x Faculty with respect to Cognition of Modernity .............................................. 83-84

4.1.2.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Attitude & Opinions on Large Societal matters ........................................................... 84

4.1.2.2 Analysis of Variance for the Interaction of Sex, Faculty & Territory for Attitude & Opinions on Large Societal matters ........................................................... 84-85

4.1.3.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Life Styles and Life Patterns of Teachers ........................................................... 85-86

4.1.3.2 Analysis of Variance for the Interaction of Sex, Faculty & Territory for Life Styles and Life Patterns of Teachers ........................................................... 86

4.1.3.3 t-ratios for the Interaction of Sex x Territory with respect to Life Styles and Life Patterns of Teachers ........................................................... 86-87

4.1.4.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Exposure to Mass Media ........................................................... 87-88

4.1.4.2 Analysis of Variance for the Interaction of Sex, Faculty & Territory on Exposure to Mass Media ........................................................... 88

4.1.4.3 t-ratios for the Interaction of Sex x Territory with respect to Exposure to Mass Media ........................................................... 88-89

4.1.5.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory for Total Score of Modernity ........................................................... 89-90

4.1.5.2 Analysis of Variance for the Interaction of Sex, Faculty & Territory for the Total Score of Modernity ........................................................... 90-91
4.1.5.3 t-ratios for the Interactions of Sex x Faculty & Sex x Territory for Total Score of Modernity ............................................................ 91-92

4.2 Analysis of Variance for Role-Structure (Index Wise) ............................................................ 93

4.2.1.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Professional Commitment .......................93

4.2.1.2 Analysis for the Interaction of Sex, Faculty & Territory for Professional Commitment ............................................................ 94

4.2.1.3 t-ratios for the Interaction of Sex x Territory with respect to Professional Commitment ............................................................ 94-95

4.2.2.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Professional Aspiration & Achievement .........................................................................................95

4.2.2.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory with respect to Professional Aspiration & Achievement .....................................................................................95

4.2.2.3 t-ratios for Two Way Interaction of Sex x Faculty and Three Way Interaction of Sex x Faculty x Territory with respect to Professional Aspiration & Achievement ........................................ 96-99

4.2.3.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Job Satisfaction ........................................99-100

4.2.3.2 Analysis of Variance for the Interaction of Sex, Faculty & Territory for Job Satisfaction ........................................................ 100

4.2.3.3 t-ratios for Two Way Interaction of Sex x Faculty, Sex x Territory, Territory x Faculty & Three Way Interaction of Sex x Faculty x Territory with respect to Job Satisfaction ............................................................ 100-105

4.2.4.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Morale ..................................................105-106

4.2.4.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Morale .......................................................... 106

4.2.4.3 t-ratios for Two Way Interaction of Sex x Faculty with respect to Morale .................................................................................. 106-107

4.2.5.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Authoritarianism ....................................... 107-108
4.2.5.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory on Authoritarianism ............................................ 108-109
4.2.5.3 t-ratios for Two Way Interactions of Sex x Faculty & Sex x Territory with respect to Authoritarianism ....................... 109-110
4.2.6.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory on Relation with Role-Set Members ............... 110-111
4.2.6.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory with respect to Relation with Role-Set Members ......................................................... 111-112
4.2.6.3 t-ratios for Two Way Interactions of Sex x Faculty & Territory X Faculty with respect to Relation with Role-Set Members .......................................................... 112-114
4.2.7.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory for Attitude, Behaviour & Communication ................................................................. 114
4.2.7.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Attitude, Behaviour & Communication ................................................................. 114-115
4.2.7.3 t-ratios for Interaction Effects of Sex x Territory & Sex x Faculty x Territory with respect to Attitude, Behaviour & Communication .......................................................... 115-118
4.2.8.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Professional & Social Awareness ................................................................. 118-119
4.2.8.2 Analysis of Variance for the Interaction of Sex, Faculty and Territory with respect to Professional & Social Awareness .................................................................................. 119
4.2.8.3 t-ratios for Two Way Interaction of Sex x Territory with respect to Professional & Social Awareness .......................... 119-120
4.2.9.1 Analysis of Variance for the Main Effects of Sex, Faculty & Territory with respect to Total Score of Role Structure .................................................................................. 120-121
4.2.9.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory with respect to Total Score of Role-Structure ................................................................. 121

4.2.9.3 t-ratios for Two Way Interactions of Sex x Faculty, Sex x Territory and Three Way Interaction of Sex x Faculty x Territory with respect to Total Score of Role Structure........................................................................... 121-125

4.3 Inter-correlations among different Indices of Modernity ................................ 126

4.3.1.1 Correlations amongst different Indices of Modernity for the Chandigarh Teachers of Arts Faculty ................................................. 126-127

4.3.1.2 Correlations amongst different Indices of Modernity for the Chandigarh Teachers of Science Faculty ................................. 127-128

4.3.1.3 Correlations amongst different Indices of Modernity for the Chandigarh Teachers of Commerce Faculty ........................................ 128

4.3.2.1 Correlations amongst different Indices of Modernity for the Himachal Teachers of Arts Faculty ............................................... 128-129

4.3.2.2 Correlations amongst different Indices of Modernity for the Himachal Teachers of Science Faculty .............................................. 129-130

4.3.2.3 Correlations amongst different Indices of Modernity for the Himachal Teachers of Commerce Faculty ................................. 130-131

4.4 Inter-correlations amongst different Indices of Role-Structure ....................... 131

4.4.2.1 Correlations amongst different Indices of Role-Structure for the Chandigarh Teachers of Arts Faculty ............................................. 131-133

4.4.2.2 Correlations amongst different Indices of Role-Structure for the Chandigarh Teachers of Science Faculty .................................. 133

4.4.2.3 Correlations amongst different Indices of Role-Structure for the Chandigarh Teachers of Commerce Faculty ......................... 133-136

4.4.2.4 Correlations amongst different Indices of Role-Structure for the Himachal Teachers of Arts Faculty .............................................. 136-137

4.4.2.5 Correlations amongst different Indices of Role-Structure for the Himachal Teachers of Science Faculty .................................. 138

4.4.2.6 Correlations amongst different Indices of Role-Structure for the Himachal Teachers of Commerce Faculty ................................. 138-140
4.5 Inter-correlations amongst different Indices of Modernity and Role-Structure for the Total Sample of Secondary School Teachers (Territory wise) ................................................................. 141

4.5.1 Correlations amongst different Indices of Modernity & Role-Structure for the Total Sample of Secondary School Teachers of Chandigarh (N = 271) ................................. 141-145

4.5.2 Correlations Amongst different Indices of Modernity & Role-Structure for the Total Sample of Secondary School Teachers of Himachal Pradesh (N = 271) ...................... 146-150

4.6 Correlation Amongst different Indices of Modernity & Role-Structure for the Combined Sample of Secondary School Teachers of Chandigarh & Himachal Pradesh (N = 542) .................................................... 150-155

Chapter V Discussion of Results & Conclusions

5.1 Analysis of the Main Effects & the Interaction Effects for Modernity .......... 157

5.1.1 ANOVA for Main Effects of Sex, Faculty & Territory with respect to Cognition of Modernity ............................................................ 157-158

5.1.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Cognition of Modernity .......................................... 158-159

5.1.3 t-values for Two Way Interaction of Sex x Faculty .............................. 159-160

5.1.4 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Attitudes & Opinions on Large Societal Matters ................. 160

5.1.5 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Attitudes & Opinions on Large Societal Matters ............... 160-161

5.1.6 ANOVA for the Main Effects of Sex, Faculty & Territory for Life Styles & Life Patterns of Teachers ............................................. 161-162

5.1.7 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Life Styles & Life Patterns of Teachers ......................... 162-163

5.1.8 t-values for Two Way Interaction of Sex x Territory .......................... 163

5.1.9 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Exposure to Mass Media ................................................ 163-164

5.1.10 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Exposure to Mass Media .................................. 164-165

5.1.11 t-values for the Two Way Interaction of Sex x Territory ..................... 165
5.1.5.1 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Total Score of Modernity .................................................. 166-167
5.1.5.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Total Score of Modernity ...........................................167-168
5.1.5.3 t-values for the Two Way Interaction of Sex x Faculty ......................168
5.1.5.4 t-values for the Two Way Interaction of Sex x Territory .....................168-169

5.2 • Analysis of the Main Effects & the Interaction Effects for Role-Structure ....................................................................................................169
  5.2.1.1 • ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Professional Commitment ..........................................169-170
  5.2.1.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Professional Commitment........................................ 170-171
  5.2.1.3 t-values for Two Way Interaction of Sex x Territory for Professional Commitment ................................................................. 171
  5.2.2.1 • ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Professional Aspiration & Achievement ................... 171-172
  5.2.2.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Professional Aspiration & Achievement..............172-173
  5.2.2.3 t-values for Two Way Interaction of Sex x Faculty with respect to Professional Aspiration & Achievement ..................... 173
  5.2.2.4 t-values for Three Way interaction of Sex x Faculty x Territory with respect to Professional Aspiration & Achievement ..........174
  5.2.3.1 • ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Job Satisfaction ......................................................... 174-175
  5.2.3.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Job Satisfaction ............................................ 175
  5.2.3.3 t-values for Two Way Interaction of Sex x Faculty with respect to Job Satisfaction ................................................................. 176
  5.2.3.4 t-values for Two Way Interaction of Sex x Territory with respect to Job Satisfaction ................................................................. 176
  5.2.3.5 t-values for Two Way Interaction of Territory x Faculty with respect to Job Satisfaction ............................................................... 176
  5.2.3.6 t-values for Three Way interaction of Sex x Faculty x Territory with respect to Job Satisfaction ................................................. 176-177
5.2.4.1 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Morale ................................................................. 177-178
5.2.4.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Morale ......................................................... 178
5.2.4.3 t-values for Two Way Interaction of Sex x Faculty with respect to Morale ........................................................................ 179
5.2.5.1 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Authoritarianism ................................................... 179-180
5.2.5.2 Analysis of Variance for Interaction Effects of Sex, Faculty & Territory for Authoritarianism .................................................. 180-181
5.2.5.3 t-values for Two Way Interaction of Sex x Faculty with respect to Authoritarianism ............................................................ 181
5.2.5.4 t-values for Two Way Interaction of Sex x Territory with respect to Authoritarianism ............................................................ 182
5.2.6.1 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Relation with Role Set Members .............................. 182-183
5.2.6.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Relation with Role Set Members ......................... 183-184
5.2.6.3 t-values for Two Way Interaction of Sex x Faculty with respect to Relation with Role Set Members ........................................ 184
5.2.6.4 t-values for Two Way Interaction of Territory x Faculty with respect to Relation with Role Set Members .................................... 184
5.2.7.1 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Attitude, Behaviour & Communication .................. 185-186
5.2.7.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Attitude, Behaviour & Communication ................ 186-187
5.2.7.3 t-values for Two Way Interaction of Sex x Territory with respect to Attitude, Behaviour & Communication .......................... 187
5.2.7.4 t-values for Three Way Interaction of Sex x Faculty x Territory with respect to Attitude, Behaviour & Communication ............... 187-188
5.2.8.1 ANOVA for the Main Effects of Sex, Faculty & Territory with respect to Professional & Social Awareness ........................... 188-189
5.2.8.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for Professional & Social Awareness ..................... 189-190
5.2.8.3 t-values for Two Way Interaction of Sex x Territory with respect to Professional & Social Awareness ........................................190

5.2.9.1 ANOVA for the Main Effects of Sex, Faculty & Territory for the Total Score of Role-Structure ........................................... 190-192

5.2.9.2 Analysis of Variance for the Interaction Effects of Sex, Faculty & Territory for the Total Score of Role-Structure .................. 192-193

5.2.9.3 t-values for Two Way Interaction of Sex x Faculty with respect to Total Score of Role-Structure .......................................193

5.2.9.4 t-values for Two Way Interaction of Sex x Territory with respect to Total Score of Role-Structure ................................... 194

5.2.9.5 t-values for Three Way interaction of Sex x Faculty x Territory with respect to Total Score of Role-Structure ......................... 194-195

5.3 Inter-correlations amongst different Indices of Modernity .............195

5.3.1.1 Correlations amongst different indices of Modernity for the Chandigarh Teachers of Arts Faculty ..................................... 195-196

5.3.1.2 Correlations amongst different Indices of Modernity for the Chandigarh Teachers of Science Faculty ................................. 196-197

5.3.1.3 Correlations amongst different Indices of Modernity for the Chandigarh Teachers of Commerce Faculty ............................ 197-198

5.3.2.1 Correlations amongst different Indices of Modernity for the Himachal Pradesh Teachers of Arts Faculty ............................ 198-199

5.3.2.2 Correlations amongst different Indices of Modernity for the Himachal Pradesh Teachers of Science Faculty ........................ 199-200

5.3.2.3 Correlations amongst different Indices of Modernity for the Himachal Pradesh Teachers of Commerce Faculty ..................... 200-201

5.4 Inter-correlations amongst different Indices of Role-Structure ...........201

5.4.1.1 Correlations amongst different Indices of Role-Structure for the Chandigarh Teachers of Arts Faculty ................................ 202-204

5.4.1.2 Correlations amongst different Indices of Role-Structure for the Chandigarh Teachers of Science Faculty ............................. 204-206

5.4.1.3 Correlations amongst different Indices of Role-Structure for the Chandigarh Teachers of Commerce Faculty ........................ 206-208

5.4.2.1 Correlations amongst different Indices of Role-Structure for the Himachal Pradesh Teachers of Arts Faculty .......................... 208-210
5.4.2.2 Correlations amongst different Indices of Role-Structure for the Himachal Pradesh Teachers of Science Faculty ............... 210-212

5.4.2.3 Correlations amongst different Indices of Role-Structure for the Himachal Pradesh Teachers of Commerce Faculty .............. 212-214

5.5 Correlations amongst different Indices of Modernity & Role-Structure for the Total Sample in Each Territory .......................................................... 214

5.5.1 Correlations amongst different Indices of Modernity and Role-Structure for the Total Sample of Chandigarh Teachers .... 214-218

5.5.2 Correlations amongst different Indices of Modernity & Role-Structure for the Total Sample of Himachal Pradesh Teachers .................................................. 218-222

5.6 Correlations among the Indices of Modernity & Role-Structure for the Total Sample of Secondary School Teachers of Both the Territories (Chandigarh & Himachal Pradesh) ................................................. 222-224

Chapter VI Summary, Conclusions, Educational Implications & Further Research Possibilities

6.1 Statement of the Problem ................................................................. 226

6.2 Objectives of the Study ................................................................. 226-227

6.3 Hypotheses of the Study ............................................................... 227

6.4 Design of the Study ................................................................. 228-230

6.5 Sample .................................................................................. 230

6.6 Tool and its Description .......................................................... 231

6.7 Analysis of the Data ................................................................ 232-242

6.8 Conclusions ........................................................................... 243

6.8.1 Main Effects of Sex, Faculty & Territory with respect to Modernity ................................................................. 243

6.8.2 Interaction Effects of Sex, Faculty & Territory with respect to Modernity ................................................................. 243-244

6.8.3 Main Effects of Sex, Faculty & Territory with respect to Role-Structure ................................................................. 245

6.8.4 Interaction Effects of Sex, Faculty & Territory with respect to Role-Structure ................................................................. 245-249

6.8.5 Inter-correlations amongst different Indices of Modernity ................................................................................. 249-250

6.8.6 Inter-correlations amongst different Indices of Role-Structure ................................................................. 250-252
