6.8.7 Inter-correlations amongst different Indices of Modernity &
Role-Structure for the Total Sample of Secondary School
Teachers (Territory Wise) ................................................................. 252-254
6.8.8 Inter-correlations amongst different Indices of Modernity &
Role-Structure for the Combined Sample of Secondary School
Teachers for both the Territories ..................................................... 255-256
6.9 Educational Implications of the Study .............................................. 256-257
6.10 Suggestions for Further Studies ....................................................... 257-258
Bibliography ....................................................................................... 259-283
Annexure - I ....................................................................................... 284-292
Annexure - II ....................................................................................... 293-298

**LIST OF TABLES**

</table>
3.12 Scoring Procedure for Professional Commitment
(1st Index of Role-Structure) ................................................................. 68

3.13 Scoring Procedure for Professional Aspiration & Achievement
(2nd Index of Role-Structure) ................................................................. 69

3.14 Scoring Procedure for Job Satisfaction
(3rd Index of Role-Structure) ................................................................. 70

3.15 Scoring Procedure for Morale
(4th Index of Role-Structure) ................................................................. 71

3.16 Scoring Procedure for Authoritarianism
(5th Index of Role-Structure) ................................................................. 71

3.17 Scoring Procedure for Relation with Role Set Members
(6th Index of Role-Structure) ................................................................. 72

3.18 Scoring Procedure for Attitude, Behaviour &
Communication (7th Index of Role-Structure) ..................................... 73

3.19 Scoring Procedure for Professional and Social Awareness
(8th Index of Role-Structure) ................................................................. 74

4.01 Summary Table of ANOVA for the Main Effects of Sex,
Faculty & Territory with respect to different Indices of
Modernity ................................................................................................. 79

4.02 Summary Table of ANOVA for the Interaction Effects of Sex,
Faculty & Territory with respect to different Indices of
Modernity ................................................................................................. 79

4.03 Summary Table of ANOVA for the Main Effects of Sex,
Faculty & Territory with respect to different Indices of
Role-Structure .......................................................................................... 80

4.04 Summary Table of ANOVA for the Interaction Effects of Sex,
Faculty & Territory with respect to different Indices of
Role-Structure .......................................................................................... 81

4.1 Summary Table of ANOVA for Main Effects of S, F & T
on Cognition of Modernity ..................................................................... 82

4.2 t-ratio for Variable of Territory (T) ................................................... 82

4.3 Summary Table of ANOVA for Interaction Effects on
Cognition of Modernity ........................................................................... 83
4.4 t-ratios for Interaction Effects of S x F for Cognition of Modernity .................................................. 83
4.5 Summary Table of ANOVA for Main Effects of S, F & T on Attitudes & Opinions on Large Societal Matters .................. 84
4.6 Summary Table of ANOVA for Interaction Effects on Attitudes & Opinions on Large Societal Matters .................. 85
4.7 Summary Table of ANOVA for Main Effects of S, F & T on Life Styles & Life Patterns of Teachers .................. 85
4.8 t-ratios for Variable of Territory .................................................. 85
4.9 Summary Table of ANOVA for Interaction Effects of S, F & T on Life Styles & Life Patterns of Teachers .................. 86
4.10 t-ratios for Interaction Effects of S x T for Life Styles & Life Patterns of Teachers .................................. 86
4.11 Summary Table of ANOVA for Main Effects of S, F & T for Exposure to Mass Media .................................. 87
4.12 t-ratios for variables of Faculty & Territory .................................. 87
4.13 Summary Table of ANOVA for Interaction Effects of S, F & T for Exposure to Mass Media ............................ 88
4.14 t-ratios for Interaction Effects of S x T for Exposure to Mass Media .................................................. 89
4.15 Summary Table of ANOVA for Main Effects of S, F & T for Total Score of Modernity .............................. 89
4.16 t-ratios for Variables of Faculty (F) & Territory (T) .................................. 90
4.17 Summary Table of ANOVA for Interaction Effects of S, F & T on Total Score of Modernity .......................... 90
4.18 t-ratios for Interaction Effects of S x F for Total Score of Modernity .................................................. 91
4.19 t-ratios for Interaction Effects of S x T for Total Score of Modernity .................................................. 92
4.20 Summary Table of ANOVA for Main Effects of S, F & T on Professional Commitment ............................. 93
4.21 t-ratios for Variable of Faculty (F) .................................................. 93
4.22 Summary Table of ANOVA for Interaction Effects of S, F & T on Professional Commitment .......................... 94
4.23 t-ratios for Interaction Effects of S x T for Professional Commitment .............................................................. 94
4.24 Summary Table of ANOVA for Main Effects of S, F & T on Professional Aspiration & Achievement ................................. 95
4.25 Summary Table of ANOVA for Interaction Effects of S, F & T for Professional Aspiration & Achievement .......................... 95
4.26 t-ratios for Interaction Effects of S x F for Professional Aspiration & Achievement ...................................................... 96
4.27.1 Mean Scores of Combination Groups for Interaction Effects of S x F x T ........................................................................... 97
4.27.2 t-ratios for Interaction Effects of S x F x T for Professional Aspiration & Achievement ...................................................... 98
4.28 Summary Table of ANOVA for Main Effects of S, F & T for Job Satisfaction ................................................................. 99
4.29 Summary Table of ANOVA for Interaction Effects of S, F & T on Job Satisfaction ............................................................. 100
4.30 t-ratios for Interaction Effects of S x F for Job Satisfaction ............................................................................................. 100
4.31 t-ratios for Interaction Effects of S x T for Job Satisfaction ............................................................................................. 101
4.32 t-ratios for Interaction Effects of T x F for Job Satisfaction ............................................................................................. 102
4.33.1 Mean Scores of Combination Groups for Interaction Effects of S x F x T ........................................................................... 103
4.33.2 t-ratios for Interaction Effects of S x F x T for Job Satisfaction ............................................................................................. 104
4.34 Summary Table of ANOVA for Main Effects of S, F & T on Morale .................................................................................. 105
4.35 t-ratio for Variable of Territory (T) ................................................................................................................................. 106
4.36 Summary Table of ANOVA for Interaction Effects of S, F & T on Morale ........................................................................ 106
4.37 t-ratios for Interaction Effects of S x F for Morale ................................................................................................................ 106
4.38 Summary Table of ANOVA for Main Effects of S, F & T on Authoritarianism ................................................................. 108
4.39 t-ratios for Variables of S & T for Authoritarianism ........................................................................................................ 108
4.40 Summary Table of ANOVA for Interaction Effects of S, F & T for Authoritarianism .......................................................... 109
4.60 t-ratios for Interaction Effects of S x F for Total Score of Role-Structure ................................................................. 122
4.61 t-ratios for Interaction Effects of S x T for Total Score of Role-Structure .................................................................................................. 123
4.62.1 Means Scores of Combinations Groups for Interaction Effects of S x F x T .......................................................................................... 123
4.62.2 t-ratios for Interaction Effects of S x F x T for Total Score of Role-Structure ........................................................................................................................................................................................................................................... 124
4.63 Inter-correlations among different Indices of Modernity for Arts Teachers of Chandigarh (N = 107) ................................................ 126
4.64 Inter-correlations among different Indices of Modernity for Science Teachers of Chandigarh (N = 91) ........................................ 127
4.65 Inter-correlations among different Indices of Modernity for Commerce Teachers of Chandigarh (N = 73) ................................. 128
4.66 Inter-correlations among different Indices of Modernity for Arts Teachers of Himachal Pradesh (N = 105) .................................. 129
4.67 Inter-correlations among different Indices of Modernity for Science Teachers of Himachal Pradesh (N = 91) ............................ 129
4.68 Inter-correlations among different Indices of Modernity for Commerce Teachers of Himachal Pradesh (N = 75) ....................... 130
4.69 Inter-correlations among different Indices of Role-Structure for Chandigar Teachers of Arts Faculty (N =107) ....................... 132
4.70 Inter-correlations among different Indices of Role-Structure for Chandigar Teachers of Science Faculty (N = 91) ................... 134
4.71 Inter-correlations among different Indices of Role-Structure for Chandigar Teachers of Commerce Faculty (N = 73) ............... 135
4.72 Inter-correlations among different Indices of Role- Structure for Himachal Pradesh Teachers of Arts Faculty (N = 105) ............. 137
4.73 Inter-correlations among different Indices of Role-Structure for Himachal Pradesh Teachers of Science Faculty (N =91) .......... 139
4.74 Inter-correlations among different Indices of Role-Structure for Himachal Pradesh Teachers of Commerce Faculty (N = 75) ...... 140
4.75 Inter-correlations among different Indices of Modernity & Role-Structure for Total Sample of Teachers of Chandigarh (N = 271) ................................................................. 142
4.76 Inter-correlations among different Indices of Modernity & Role-Structure for Total Sample of Teachers of Himachal Pradesh (N = 271) ....................................................................................... 147
4.77 Inter-correlations among different Indices of Modernity & Role-Structure for Total Sample of Teachers of Chandigarh & Himachal Pradesh (N = 542) ......................................................... 151

6.1 Treatment Combinations of 2 x 3 x 2 Factorial Design .................................229
6.2 Distribution of Number of Items in the Questionnaire ................................ 231
6.3 Summary Table of ANOVA for the Main Effects of Sex, Faculty & Territory with respect to different Indices of Modernity ................................................................. 233
6.4 Summary Table of ANOVA for the Interaction Effects of Sex, Faculty & Territory with respect to different Indices of Modernity ............................ 233
6.5 Summary Table of ANOVA for the Main Effects of Sex, Faculty & Territory with respect to different Indices of Role-Structure ................................................................. 234
6.6 Summary Table of ANOVA for the Interaction Effects of Sex, Faculty & Territory with respect to different Indices of Role-Structure ................................................................. 235
6.7 Correlation Analysis Matrix of Inter-Correlations among different Indices of Modernity for Teachers of Chandigarh with respect to Three Faculties viz., Arts, Science & Commerce .......... 236
6.8 Correlation Analysis Matrix of Inter-Correlations among different Indices of Modernity for Teachers of Himachal Pradesh with respect to Three Faculties viz., Arts, Science & Commerce .......... 237
6.9 Correlation Matrix for different Indices of Role-Structure for Secondary School Teachers of Chandigarh with respect to Faculties Viz, Arts, Science & Commerce ...........................................238
6.10 Correlation Matrix for different Indices of Role-Structure for Secondary School Teachers of Himachal with respect to Faculties Viz, Arts, Science & Commerce ...........................................239
