Effects on the Variables of Home Adjustment.  

11. ANOVA (2x2) Results of Mass and Class, Successful and Unsuccessful Athletes and Their Interaction Effects on the Variables of Health Adjustment.  

12. ANOVA (2x2) Results of Mass and Class, Successful and Unsuccessful Athletes and Their Interaction Effects on the Variables of Social Adjustment.  

13. ANOVA (2x2) Results of Mass and Class, Successful and Unsuccessful Athletes and Their Interaction Effects on the Variables of Emotional Adjustment.  

14. ANOVA (2x2) Results of Mass and Class, Successful and Unsuccessful Athletes and Their Interaction Effects on the Variables of Educational Adjustment.  

15. ANOVA (2x2) Results of Mass and Class, Successful and Unsuccessful Athletes and Their Interaction Effects on the Variables of Socio-Economic Status.  

16. Significance of difference in mean scores among various sports groups (successful) on Reserved Vs. Outgoing.  

17. Significance of difference in mean scores among various sports groups (successful) on Less Intelligent Vs. More Intelligent.  

18. Significance of difference in mean scores among various sports groups (successful) on Emotionally Less Stable Vs. Emotionally Stable.  

19. Significance of difference in mean scores among various sports groups (successful) on Humble Vs Assertive.  

20. Significance of difference in mean scores among various sports groups (successful) on Shy Vs. Venturesome.  

21. Significance of difference in mean scores among various sports groups (successful) on Tough Minded Vs. Tender Minded.  

22. Significance of difference in mean scores among various sports groups (successful) on Placid and Apprehensive.

23. Significance of difference in mean scores among various sports groups (successful) on Conservative Vs. Experimenting. 136
24. Significance of difference in mean scores among various sports groups (successful) on Group-dependent Vs. Self-sufficient. 139
25. Significance of difference in mean scores among various sports groups (successful) on Home Adjustment. 141
26. Significance of difference in mean scores among various sports groups (successful) on Health Adjustment. 144
27. Significance of difference in mean scores among various sports groups (successful) on Social Adjustment. 146
28. Significance of difference in mean scores among various sports groups (successful) on Emotional Adjustment. 149
29. Significance of difference in mean scores among various sports groups (successful) on Educational Adjustment. 151
30. Significance of difference in mean scores among various sports groups (successful) on Socio-Economic Stable. 154
31. Significance of difference in mean scores among various sports groups (unsuccessful) on Reserved Vs. Outgoing. 157
32. Significance of difference in mean scores among various sports groups (unsuccessful) on Less Intelligent Vs. More Intelligent. 159
33. Significance of difference in mean scores among various sports groups (unsuccessful) on Emotionally Less Stable Vs. Emotionally Stable. 162
34. Significance of difference in mean scores among various sports groups (unsuccessful) on Humble Vs Assertive. 164
35. Significance of difference in mean scores among various sports groups (unsuccessful) on Shy Vs.
36. Significance of difference in mean scores among various sports groups (unsuccessful) on Tough Minded Vs. Tender Minded.

37. Significance of difference in mean scores among various sports groups (unsuccessful) on Placid Vs. Apprehensive.

38. Significance of difference in mean scores among various sports groups (unsuccessful) on Conservative Vs. Experimenting.

39. Significance of difference in mean scores among various sports groups (unsuccessful) on Group-dependent Vs. Self-sufficient.

40. Significance of difference in mean scores among various sports groups (unsuccessful) on Home Adjustment.

41. Significance of difference in mean scores among various sports groups (unsuccessful) on Health Adjustment.

42. Significance of difference in mean scores among various sports groups (unsuccessful) on Social Adjustment.

43. Significance of difference in mean scores among various sports groups (unsuccessful) on Emotional Adjustment.

44. Significance of difference in mean scores among various sports groups (unsuccessful) on Education Adjustment.

45. Significance of difference in mean scores among various sports groups (unsuccessful) on Socio-Economic Status.

46. Inter Correlation Matrix.
