ACKNOWLEDGEMENTS

I would like to acknowledge the invaluable esteemed guidance and concern of my supervisor Dr. Sivanaga Raju S., Associate Professor, Department of EEE, JNTUK College of Engineering Kakinada, who accepted to guide me without second thought and gave me the maximum opportunity to share the ideas throughout my research program. I am grateful for his mentorship, friendship, guidance and patience during the program.

I would like to express my most sincere thanks to Dr. Sanker Ram B.V., Professor in EEE and Vice-Principal, JNTUHCEH for giving generously of his valuable time to review the thesis and encouragement.

I am very much thankful to Dr. Tulasi Ram Das G., Professor in EEE and Registrar of JNTUH for his unselfish support to carry out my research work.

I would like to thank the authorities of R and D cell, JNTUH for enabling me to complete this research work.

Special thanks are due to Dr. P.V. Prasad, Professor in EEE Department, CBIT and Dr. J. Viswanath Rao, Professor and Head, EEE Department, SBITS, the Management and Staff of the Arjun College of Technology and Sciences - Hyderabad, also the Management and Staff of Tirumala Engineering College - Hyderabad who always have encouraged me.

There are no words to acknowledge my indebtedness to my wife, Mrs. Madhavi, for her love, understanding and moral support during my pursuit of degree.

My children, Mr. Mansvith and Ms. Vismaya deserve special thanks for their sacrifice of joyful time.

Pokanati V.V. Rama Rao
