Acknowledgement

I wish to express my profound gratitude and respect first to my country Iraq and to the Ministry of Higher Education and Scientific Research for helping me financially in order to continue my study. Also I would like to thank Iraq embassy in Delhi and cultural office for their assistance in completing all the necessary papers without any delay.

I would like to express my sincere deep sense of indebtedness to Dr. S.N.Helambe, Associate Professor and Head, Dept.of Electronics, Deogiri College, Aurangabad. I express my deep gratitude for his scholarly guidance and unstinted support during the course of my study. His constant valuable suggestions, fruitful discussions and latest information made possible to complete this research work successfully overcoming all the odds. I shall feel honored to remain indebted to him forever. It is my moral obligation to express my sincere thanks to Mrs.Helambe for her kind nature during my study.

Special thanks to the beautiful country India and its lovely and co-operative people for hospitalizing foreigner students. My special gratitude to Dr.Babasaheb Ambedkar Marathwada University for giving me this valuable opportunity of research work leading to Ph.D. degree. I have not to forget thanking all the staff in Ph.D. section and I ask God to protect them all.

I reserve special thanks to Professor S.C.Mehrotra, Dept. of Computer Science and Professor Ms. Sadhana Pandy, Head, Dept. of Labor Law, Dr. Babasaheb Ambedkar University Aurangabad for extending all the necessary help during the time of registration and for
their encouragement. I owe a special debt of their useful discussions suggestions during my research work.

I offer my sincere thanks to Dr. P.V. Jabde, Principal, Deogiri College, Aurangabad for giving the permission to work in Electronics research laboratory.

Special thanks to Dr. Mahdi Hasan al-Dulamee, for his encouragement and his valuable advice.

I am very much thankful to MGM hospital and all staff in pathology laboratory and blood bank for providing thousands of blood samples for my research work. I also thankful to Mrs. Khatri, Siddesh Pathology Laboratory for providing blood samples for my research work.

I have been immensely benefited by my all colleagues and friends Mr. Tejpunj Prajapati, Mr. Swapnil Dhole, Mrs Badhe from Electronics research laboratory and Dr. Rasul from MGM’s department of Microbiology.

Thanks also to the teaching staff of Deogiri College, Aurangabad for their direct and indirect help during my research work.

I would like to take this opportunity to express deep sense of gratitude to my family for their grace, blessing and moral support, which led me to complete my research work.

Ms. Jinan Fadhil Mahdi
