</table>
3.4 Iran: Manufacturing Value Added per Establishment and Per Employee
Shares of Wage Bill and Gross Fixed Capital Formation in Value Added,
Ratio of Investment to Surplus and Share of Value Added in Gross
Output by ISIC Branch 1974-76 and 1984-86 Period........................................... 85
3.5 Regional Distribution of Manufacturing Industries in Iran 1987......................... 89
3.6 Industrial Activities on the Basis of the Size of Establishments in
Iran in 1987........................................................................................................ 91
3.7 Growth of MVA, GDP, and Growth Propensity of
Manufacturing in Iran and Selected other OPEC Countries at
Constant 1980 Prices During 1970-87.............................................................. 93
3.8 Share of MVA in GDP of Iran and Selected OPEC Countries
1973-1987. ........................................................................................................ 95
3.9 MVA Per Capita Growth Rates (1970-85)....................................................... 96
3.10 Relative Contribution of Iran and other OPEC Countries to the
Growth of OPEC Countries' Manufacturing Value Added (MVA)
1970-87. ......................................................................................................... 99
3.11 Ranking of Countries According to their Relative Share in OPEC's
MVA in Different Years (at 1980 Constant Prices)........................................ 100
3.12 OPEC Countries Experiencing the Greatest Change in their
Contribution to the MVA of their Economic Groupings.................................... 101
3.13 Change in the Shares of Expanding and Contracting Branches in
Manufacturing Output of Iran and Selected OPEC Countries During
1970-80 and 1980-87. ....................................................................................... 103
3.14 Structural Changes in Output and Employment in Iran and Selected
OPEC Countries (1970-87). ............................................................................ 106
3.15 Growth of Production (MVA) of Manufacturing Branches of OPEC
Countries During 1975-85. ........................................................................... 108
3.16 Composition of Manufacturing Value Added at Branch Level in
OPEC Countries During 1970-87 (at Current Prices) ..................................... 112
3.17 Employment in Manufacturing Industries by Country and Branches in
Iran and Selected OPEC Countries During 1970-86. ..................................... 115
3.18 Distribution of OPEC's Manufacturing Value Added by Country and
Branches 1987. ............................................................................................ 117
3.19 Relative Shares of Selected OPEC Countries, Manufacturing Value
Added by End-Use in Total OPEC Countries Manufacturing
Industries 1987. ............................................................................................. 119
3.20 Shares of Light and Heavy Industry in Manufacturing Output and
Employment in Iran and Selected OPEC Countries 1970, 1980 and
1987........................................................................................................... 125
3.21 Composition of Manufacturing Value Added and Employment by
End-Use in OPEC Countries During 1970-87. ............................................... 128
CHAPTER IV
4.1 Leading, Lagging and Constant Branch Shares in Total Manufacturing Output, Imports and Exports of Iran at Constant 1982 Prices During 1960-87. ........................................................................................................ 151
4.2 Iran : Shares of Different Branches in Total Industrial Output, Imports and Exports at Constant 1982 Prices During 1960-87. ........................................................................................................ 152
4.3 Shares of Leading, Lagging and Constant Industrial Branches in Output, Imports and Exports of Iran at Constant 1982 Prices. ........................................................................................................ 153
4.4 Leading, Lagging and Constant Branch shares in Total Manufacturing Exports, Imports and Output by Country at Current Prices During 1970-85. ........................................................................................................ 159
4.6 Imports of Manufacturing Industry by Branch and Country, 1970 and 1985. 161
4.7 Exports of Manufacturing Industry by Branch and Country, 1970 and 1985. 162
4.8 Shares of Leading, Lagging and Constant Industrial Branches in Output, Imports and Exports of Iran and Selected OPEC Countries at Current Prices in 1970 and 1985. ........................................................................................................ 163
4.9 Comparison of Frequency Distribution of Leading, Lagging and Constant Branches of Exports, Imports and Output in OPEC Countries. ........................................................................................................ 165
4.10 Spearman Rank Correlation Coefficients of the Branches of Output, Imports and Exports in 1970 and 1987 in Iran and other OPEC Countries. ........................................................................................................ 167
4.11 Time Trend and Coefficients of Rate of Structural Change in Output, Imports and Exports of Manufacturing in Iran During 1960-87 at Constant 1982 Prices. ........................................................................................................ 171
4.12 Branches Overlap in Industrial Production and Industrial Imports of Iran at Constant 1982 Prices During 1960-87. ........................................................................................................ 175
4.13 Shares of Overlap Group of Industrial Branches in Production and Imports of Manufactured Goods of Iran During 1960-87. ........................................................................................................ 176
4.14 Leading, Lagging and Constant Branch Shares in Total Manufacturing Output, Imports and Exports During 1970-85 ........................................................................................................ 183
4.15 Iran : Branch Shares in Output, Imports and Exports During 1970-85........................................................................................................ 184
4.16 Shares of Leading, Lagging and Constant Industries in Total Industrial Output, Imports and Exports of Iran at Constant 1982 Prices During 1970-85. ........................................................................................................ 185
4.17 Overlap of Industrial Production and Industrial Imports of Iran During 1970-85. ........................................................................................................ 188
4.18 Shares of Overlap Group of Industrial Branches in Output and Imports of Iran at 21 Level of Disaggregation During 1970-85 at Constant 1982 Prices. ........................................................................................................ 189
4.19 Branches Overlap in Industrial Production and Industrial Imports of Iran and other OPEC Countries During 1970-85 at Current Prices. .......................................................... 191
4.20 Shares of Overlap group of Industrial Branches in Total Industrial Production and Imports in Iran and Selected OPEC Countries, Manufacturing Industries at Current Prices in the Years 1970 and 1985. ........................................ 192
4.21 Branches Overlap in Industrial Production and Industrial Exports of Iran During 1960-87 at Constant 1982 Prices. ........................................................................................ 195
4.22 Shares of Overlap Group of Industrial Branches in Total Industrial Production and Exports of Manufacturing Industries in Iran During 1960-87. .......................................................... 196
4.23 Overlap of Industrial Production and Industrial Exports of Iran During 1970-85 at Constant 1982 Prices. ........................................................................................................ 200
4.24 Shares of Overlap Group of Output and Exports of Industrial Branches in Iran at 21 Level of Disaggregation at Constant 1982 Prices During 1970-85. ........................................................................ 201
4.25 Branches Overlap in Industrial Production and Industrial Exports of Iran and other OPEC Countries During 1970-85.......................................................... 202
4.27 Output Elasticities of Manufacturing Industries in Iran at Constant 1982 Prices During 1960-87. ........................................................................................................ 208
4.28 Import Elasticities of Manufacturing Industries in Iran at Constant 1982 Prices During 1960-87. ........................................................................................................ 211
4.29 Export Elasticities of Manufacturing Industries in Iran at Constant 1982 Prices During 1960-87. ........................................................................................................ 213

CHAPTER V
5.1 Ratios of Imports to Domestic Demand and Export to Output by Manufacturing Branches and Country 1970 and 1985 (in Current Prices and percentage). .......................................................... 240
5.2 Contribution to Growth of Industrial output in Iran's Manufacturing Industries During the Period 1960-85 (at Constant 1982 Prices). ........................................................................ 244
5.3 Distribution of Domestic Demand in Iran During 1960-85 (at Constant 1982 Prices). ........................................................................................................ 245
5.4 Contribution to the Growth of Total (Global) Industrial Output by Sources in Iran and Selected OPEC Countries During 1970-85. .................. 247
5.5 Contribution to the Output Growth of Iran's Manufacturing Industry by Import Substitution, Export Promotion and Demand Expansion During 1960-85 .......................................................... 250

5.6 Sources of Growth of Industrial Output at Branch Level in Iran's Manufacturing Industries During 1960-85 .......................................................... 251

5.7 Sources of Growth of Industrial Output in OPEC's Manufacturing Industries by Country and Branches During 1970-85 ........................................... 257

5.8 Positive Contribution of Import Substitution and Export Promotion to the Output Growth in Industrial Branches of Iran and other OPEC Countries During 1970-85 .......................................................... 261

5.9 Summary Sources of Growth of Industrial Output in Iran's Manufacturing by the Type of Industries During 1960-85 .................................................. 266

5.10 Sources of Growth of Industrial Output by Types of Industries and by Country During 1970-85 .......................................................... 268

5.11 Summary Sources of Growth of Industrial Output by End-Use in Iran's Manufacturing Industries During the Period 1960-85 ........................................... 269

5.12 Summary Sources of the Growth of Output by End-Use Industry and by Country During 1970-85 .......................................................... 271

5.13 Time-Trend Coefficient and Coefficient of Rate of Change in Import-Availability Ratio and Export-Output Ratio in Iran's Manufacturing Industries During 1960-87 at Constant 1982 Prices ........................................... 275

5.14 Export - Industrial Growth Regression Estimates ...................................... 284

5.15 Causality Test between Manufactured Exports and Manufactured Output in OPEC Countries .......................................................... 291

CHAPTER VI

6.1 Regression Analysis of Determinants of Industrial Growth of Iran at Branch Level 1971-87 .......................................................... 301

6.2 Estimates of Determinants of Imports of Iran 1970-87 ........................................... 315

6.3 Determinants of Industrial Imports of Iran 1966-86 ........................................... 318

6.4 Estimates of Standard Import Demand Function for Industrial Imports of Iran (1970-87) .......................................................... 321

6.5 Determinants of Industrial Exports of Iran 1966-87 ........................................... 325

FIGURES

2.1 Composition of Imports by End-Use Categories ........................................... 52

5.1 Import-Availability and Output-Availability Ratios of Manufacturing Industries in Iran at Constant 1982 Prices During 1960-87 ........................................... 233

5.2 Import-Availability and Output-Availability Ratios of Food, Beverages and Tobacco Industries .......................................................... 234
