ACKNOWLEDGEMENTS

I owe greatest gratitude to my supervisor Professor Dr. Sitendra Mohan, Department of Psychology, Panjab University, Chandigarh. I do not have adequate words to express my profound gratefulness for all the guidance inspirational goadings and encouragement all through this research work.

I am indebted to Dr. Meena Sehgal, Reader, Department of Psychology, Panjab University, Chandigarh, for her dependable support and valuable suggestions in the preparation of this thesis.

I am also thankful to MR. C.M. BAHL and his colleagues in the Department of Computer Sciences, Panjab University, Chandigarh, for the computational support. I am particularly thankful to Mr. J.S. Juneja, Department of Computer Science, Punjabi University, Patiala for his help.

I am grateful to the Chairman, Department of Psychology, Panjab University, Chandigarh for providing facilities and help during this work. I am grateful to the Executive Director, S.A.I., N.I.S., Patiala for his consistent support.

I record my deep appreciation to my wife Mrs. Florence Fortgalland and daughters Ms. Sophia Fortgalland and Ms. Viviana Fortgalland for their cooperation during the entire period of this research project.

Last but not the least, I am highly obliged to all the subjects who extended their cooperation while collecting the data for the present study. Needless to say that I am alone responsible for any errors which may remain.

(Fuy-De-Fortgalland)
