ACKNOWLEDGEMENTS

It is a matter of pride for me to record my feelings of gratitude to my learned teacher Dr. H. R. Pajni, Ph. D. (Pb.), F.E.S.I., Reader in Entomology, Department of Zoology, Panjab University, Chandigarh, under whose inspired guidance this research work has been completed. I feel indebted to him for his valuable guidance, helpful criticism of the observations and for going through the manuscript of my thesis.

I take this opportunity to thank Dr. G. P. Sharma, Ph. D. (Pb.), Ph. D. (Edin.), F.A.Z., the former Head of the Zoology Department, Panjab University, Chandigarh for providing the necessary research facilities in the Department. I am also grateful to him for taking interest and giving encouragement to me during the progress of this project. My thanks are also due to Dr. H. S. Vasisht and Dr. S. Khera, the subsequent Chairman of Zoology Department for permitting the use of the laboratory facilities.

My sincere thanks are due to the President, Forest Research Institute, Dehra Dun and the Director, Indian Agricultural Research Institute, New Delhi, for permitting me to work in their museums and laboratories for identification of the material used for the present investigations.
I am indebted to Sh. Partap Singh, Forest Entomologist, F.R.I., Dehra Dun and Dr. (Miss) Swaraj Ghai, Systematic Entomologist, I.A.R.I., New Delhi for the help rendered to me during my visits to the respective museums.

I wish to express my appreciation to the Librarians of I.A. R.I., New Delhi and F.R. I., Dehra Dun for the prompt supply of the Xerox/Photostat copies of the literature required by me.

I would be failing in my duty if I do not record my appreciation for Dr. A. Mutuura and Dr. E. Berio, the leading workers in the field, for sending the reprints of their papers.

I am also thankful to Mrs. K. Vanaja, Principal, Home Science College, Chandigarh and Major (Mrs.) Shashi Kanta, Officer Commandant National Cadet Corps, Ist Chandigarh Girls Bn. N.C.C. Chandigarh, for adjustment of my duties and for encouraging me in the pursuit of my research work.

I am grateful to my husband, Sh.A.S. Gill, for encouraging me throughout the course of these investigations and for the hardship he had to face in looking after the children in my absence. The wonderful cooperation extended to me by my children Navneet, Shavinder and Rimpi is also thankfully recorded. The constant encouragement from Mrs. Ashwan Pajni has been a great source of inspiration to me.
I also wish to express my appreciation for the help rendered by Sh. Gurnam Singh during the laborious night collections. My thanks are also due to Sh. Ved Parkash who has typed this manuscript with devotion and zeal.
