ACKNOWLEDGEMENTS

I am indebted to “Ganapati Bappa” for gratifying my wishes and relentlessly showering me with enough courage, strength and good health to work determinedly and achieve my dreams. Thank you for giving me everything and always being with me...

I take this opportunity to thank everyone who by some or the other way helped me through the journey of my Doctoral research tenure.

It is with solicitous contentment; I convey my earnest gratitude to my guide Dr. R. M. Devarumath (Scientist, Molecular Biology & Genetic Engineering Laboratory, VSI, Pune) for accepting me as his Ph.D. fellow and giving me immense and quality guidance, suggestions, time and critical appreciation and constant encouragement to complete the research work undertaken and critical assessment during thesis writing.

I extend my appreciation to the Director, Shri Shivajirao Deshmukh, and Registrar Shri D. B. Ghule VSI, Pune for providing moral support and positive environment for carrying out research and financial support in terms of Late. Madhubhau Chaudhary Fellowship (Praj Industries).

I extend my thanks towards the Council of Scientific and Industrial Research (CSIR), India for awarding the Senior Research Fellowship (09/968(0002)2012EMR-I) and the financial assistance for my Doctoral research studies.

I appreciate and thank the mutual assistance given by Dr. Prabu G.R. without any hesitation. His valuable suggestions and support during the critical phase helped me to carry on my research work and achieve results.

I whole heartedly express my appreciation towards the scientists Dr. K. H. Babu, Prof. V. S. Ghole, Dr. D. Theertha Prasad and Dr. V.S. Gupta, Dr Anuradha Upadhaya for their kind cooperation and guidance with valuable scientific discussions; Dr. Nadaf for giving his valuable time for discussion and thesis correction. My fellow colleagues Sachin Kalwade, Forough, Akash Ahuja, Kunal Chimote, Balasaheb, Gargi, Viniti, Hemangi, Aboli, Madhuri, Nilesh, Kapil,
**Pramod, Pranav, Rahul, Neha, Shazia and Kavit** for their kind cooperation and optimistic teamwork. My special thanks to all the research students- **Sharan, Smita, Rashmi, Parmeeta and Sarang** for their kind assistance and joyous nature which kept me smiling and optimistic throughout.

The angels of my family Kirtika and Trinabh have been always there with their jovial moods to make me forget my tensions and frustrations. Love u Nanu and Som!!

It is true that life is not complete without the most important companion, FRIEND. My best friend and now husband Amit Dixit has truly alleviated me through my journey of research from start till date. I profoundly thank him for bearing all my tantrums, fights, mood swings and love him for his love, valuable suggestions, guidance and understanding towards me. Without his support the completion of the thesis would be next to impossible. Thank you Aammu for everything!! Love you!! My soul, my son, Khush entered the world making me complete and encouraged me to do impossible things by his small gestures and accomplish them. Love u lots Khushu!! God Bless always!!

I convey my heartfelt acknowledgement towards the scientists and researchers whose work granted me the most imperative part of my thesis in form of reviews. Thanks are honorary to my well wishers who have been a source of help and motivation for this most awaited submission.

I dedicate this thesis to my teachers, family members and friends.
