With great pleasure I take this opportunity to express my deep sense of gratitude and heart-felt thanks to several individuals from whom I received support and motivation during the course of my Ph.D work.

First and foremost, I am grateful to my supervisor, mentor Dr. S. K. Narasimhamurthy, Chairman and Associate Professor, Department of P. G. Studies and Research in Mathematics, Kuvempu University, for his patience, excellent supervision, encouraging discussions and inspiring suggestions, without which the work would not have been completed.
