ACKNOWLEDGMENTS

I take this opportunity to thank my beloved guide Dr. S. V. Krishnamurthy, Reader and Chairman, for his able guidance on this research. It is certainly his interest in amphibian research that has prompted me to take up this work in the field of amphibian ecology. All his support and help are greatly acknowledged.

I would like to express my sincere thanks to Prof. E. T. Puttaiah, Professor and Dr. J. Narayana, Reader, Department of Environmental Science, Kuvempu University. I greatly acknowledge Prof. S. Ravichandra Reddy, Prof. S. A. Hussain and Prof. S. K. Saidapur, for their moral support and suggestions during the research.

I also take this opportunity to thank Dr. J. Keshavayya, Dr. M. B. Shivanna, Dr. A Rame Gowda, Dr. K. R. Venugopala Reddy and Prof. Smt. Gayathri Devi Sajjan for their kind gesture during my research. I would like to thank all the teaching and non-teaching staff members of the Department of P.G. Studies and Research in Environmental Science, Kuvempu University. I take this opportunity to thank my dear friends, Miss Shashikala, J., Miss Nazneen Kauser, Mrs. Sunitha D.R., Mrs. Veena K. and Mrs. Bindu K.T. for their wishes during the tenure of this research. I am glad to thank Sri. Jayanna Reddy and Smt. Parvathamma for their wishes and moral support during the research.

I would like to express my sincere thanks to Kuvempu University for providing me an opportunity to carry out the research work. My sincere thanks are also due to Kuvempu University Library and NCSI, Bangalore for the library and reference facilities. I would like to thank Forest department officials of Thirthahalli and Muduba State Forest for the permission to carry out the work and their kind support. My sincere thanks to Sri. Giddajia, Watcher, Kuvempu Bioreserve, Kuppalli for the help in the field.

It would be unfair on my part if I fail to thank the help of all those who directly or indirectly supported me during the course of research work.

A. H. Manjunatha Reddy
