Appendix
Manuscripts communicated

- Vivek B., Girish T.S., Gopal B., Misquith S., Colaco M. “Cysteine crucial for activity of an M20D peptidase from Staphylococcus aureus.” (communicated)
- Girish T.S., Vivek B., Gopal B., Misquith S., Colaco M. “The crystal structure of a putative aminohydrolase from methicillin resistant Staphylococcus aureus”. Structure coordinates deposited in Protein Data Bank with PDB id: 4EWT.

Research Abstracts and/or Proceedings

- Vivek B., Girish T.S., Colaco M., Gopal B., Misquith S. “Isolation and characterization of an M20 peptidase from S. aureus spp. COL”. National Conference on Chemistry: Challenges and Opportunities (NCCCO-2012), 16th -18th February 2012, held in St Joseph’s College (Autonomous), Bangalore.
- Attended a National level Symposium on The Idea of Evolution – The Origin of Species by Charles Darwin. (Genesis, MRDG) 24th November 2009, held in Indian Institute of Science, Bangalore.
