ACKNOWLEDGEMENT

I deem it a rare privilege to pursue the research under the guidance of my beloved teacher Prof. A. VARADA RAJULU and I express my deep sense of gratitude to him for opening new vistas in my career, for his meticulous guidance, for his congenial, comprehensive and cloudless source of inspiration and constant encouragement throughout the course of the investigation. His humane as well as humanitarian treatment in the stormy situations upgraded me a lot for the fulfillment of the target.

I acknowledge gratefully the enormous help and support by Prof. S. Venkata Naidu, Prof. K. Chowdooji Rao, Prof. K. Mohana Raju and Prof. N. Subbarami Reddy for their constant encouragement and co-operation throughout my research work.

I am thankful to Sri. E. Devadoss, Prof. K. S. Sastri, Dr. P. Radhakrishnan Nair, Dr. Ninan, Dr. P. Rama Swamy, Joseph, C. P. Raghunadhan Nair, Dr. Lakshmana Rao, Dr. K. M. Usha, Dr. Balasubramanyam, and Dr. K. Arunachalam of Vikram Sarabhai Space Centre, Thiruvananthapuram for their help during the period of the research work.

I here by acknowledge Sri. K. Naveen Chandra and Smt. Vani, ABR Organics Ltd., Hyderabad for their timely help in the preparation of laminates.

I record my profound sense of gratitude to Prof. Meng, Guangzhou Institute of Chemistry, Prof. Jiasong He and Dr. Jun Zhang, State Key Laboratory of Engineering Plastics, Center for Molecular Science, Institute of Chemistry, The Chinese Academy of Sciences, Beijing, Republic of China, for their help in providing certain characterization facilities and their valuable suggestions.
I express my sincere thanks to Dr. T.N.Swamy, Scientist, CLRI, Chennai for his encouragement during the course of study.

It is my great pleasure to express my immense gratitude to Dr. R.Lakshminarayana Reddy, Dr. P.J.Balaji, Dr. G.Babu Rao, Mrs.Dr.L.Ganga Devi, Sri.A.Venunadhan, Sri G.Krishna Kishore and Sri M. Vekata Ramudu for their counseling help, suggestions, and co-operation throughout this work.

I express my sincere thanks to my beloved uncle K.Rajeswara Reddy and my aunt K.Girija and his family members for their moral support and co-operation in completion of my work.

I express my sincere thanks to my beloved brother B.Gangadhar Reddy and his family for their co-operation in completion of my work.

I would like to acknowledge Dr.Y.Murali Mohan, P.Noorunnisa Khanam, P.S.Keshava Murthy, M. Mohan Reddy, B.G.Lokesh, H.M.P.Naveen Kumar and all Research scholars, students and non-teaching staff of the Dept.of Polymer Science & Technology for their encouragement and co-operation.

I would like to acknowledge Assit Prof. Dr.K.Rama Gopal, Assit Prof. Dr.M.Manohara Reddy, Dr.G.Jyotshna kumari, L.Shankar Reddy, Narasimhulu, Paul, Ranganayakulu, Tippe Swamy, Ramana, Rajitha, Madakka and Aruna, for their help and co-operation.

I am greatly indebted to ISRO, Dept.of Space, and Govt. of India for providing me a fellowship in the project, which enabled me to complete my work.
I am thankful to the authorities of Sri Krishnadevaraya University, Anantapur for providing the necessary facilities to pursue my research.

Last but not the least I express my sincere thanks to my beloved parents Sri. R.Bhaskar Reddy and Smt. R.Usha, my beloved brother Mr.R.Rajashekar Reddy, and my beloved sister K.Venakteswaramma and my brother-in-law K.Bheemeswara Reddy, and all other family members for their support and co-operation throughout the course of this work.

Finally, I expressed my gratitude to one and all who helped me directly or indirectly in the completion of this work.

R.RAMA DEVI
