LIST OF TABLES
LIST OF TABLES

CHAPTER - I

Table 1.1 Area irrigated in undivided India 17
Table 1.2 Tanks constructed and repaired by the ancient rulers 24
Table 1.3 Annual yield of surface water resources in Karnataka (In TMC) 29

CHAPTER - IV

Table 4.1 The extend of population of the newly formed Mysore state (as per 1951 census) 79
Table 4.2 Karnataka's district wise geographical area, population and administrative divisions (1991 census) 81
Table 4.3 District wise data of underground resources 83
Table 4.4 The respective length of major rivers of Karnataka (in kilometers) 89
Table 4.5 Percentage of extent of irrigated land by the respective rivers in different districts. 88
Table 4.6 The number of taluks and their corresponding hoblies 100
Table 4.7 The seven taluks of Mandya district, their land extent and population (as per 1991 census) 102
Table 4.8 Density of population in various taluks of Mandya District (per square kilometer) 115
Table 4.9 Literacy and its percentage in Mandya District 123
CHAPTER - V

Table 5.1 Gender of respondents 138
Table 5.2 Age of respondents 140
Table 5.3 Caste wise classification of respondents 145
Table 5.4 Religion wise distribution of respondents 147
Table 5.5 Education of respondents 149
Table 5.6 Literacy rate in Mandya district 150
Table 5.7 Marital status of respondents 151
Table 5.8 Age at marriage 156
Table 5.9 Nature of dwelling of the respondents 160
Table 5.10 Structure of houses 161
Table 5.11 Source of drinking water 164
Table 5.12 Distance of drinking water 166

CHAPTER - VI

Table 6.1 Classification of geographical area of Mandya district (in hectares) 169
Table 6.2 Number and area of holdings by tenure in Karnataka state 171
Table 6.3 Land holdings and area (hectares 1991) 172
Table 6.4 The size of holdings for the households having land under study 174
Table 6.5 Average yield per acre in different type of land 178
Table 6.6 Agriculture and non-agriculture labours among family members 183
Table 6.7 Non-agriculture employment among family members 184
Table 6.8 Percentage of family members engaged in income generating activity in each taluk 185
Table 6.9 Annual house hold income from all sources 186
Table 6.10 The percentage of respondents involved in other activities other than agriculture
Table 6.11 Expenditure on food consumption
Table 6.12 Percentage of annual expenditure on agriculture
Table 6.13 Consumption expenditure of rice and ragi by the house hold
Table 6.14 Expenditure on other food products (in kilograms)
Table 6.15 Percentage of family expenditure on vegetable and fruits (in kilograms)
Table 6.16 Percentage of annual expenditure on education
Table 6.17 Percentage of annual family expenses on health and clothing
Table 6.18 Percentage of annual family expenditure on recreation
Table 6.19 Percentage of families spend on annual expenditure on different non-agriculture heads
Table 6.20 Percentage of families own different category of agricultural land
Table 6.21 Percentage of families spend on home appliances
Table 6.22 Percentage of household owning different kinds of furniture
Table 6.23 Percentage of family owned vehicles
Table 6.24 Percentage of family owned small agricultural Equipments
Table 6.25 Percentage of family owned large Equipments
Table 6.26 Percentage of family owning animals and pets
Table 6.27 Patterns of saving by house holds
Table 6.28 Pattern of expenditure in the house holds of the respondents
CHAPTER VII

Table 7.1 Use of various agricultural inputs 226
Table 7.2 Sale of agricultural produce 228
Table 7.3 Available infrastructure 231
Table 7.4 Electrification since when and by whom 232
Table 7.5 Percentage of cultivator on agricultural labour for the last three decades 235
Table 7.6 Purpose of migration 237
Table 7.7 Immigration to village 238
Table 7.8 Annual family income of the respondents (in rupees) 241
Table 7.9 Source of irrigation agriculture at present 243
Table 7.10 Work done by female members of the family 246
Table 7.11 Willingness to send female child for job 247
Table 7.12 Attitude regarding (reservation in) politics for women 248
Table 7.13 Fuel used for cooking in percentage 249
