ACKNOWLEDGEMENTS

It give me great pleasure to acknowledge with gratitude the help and guidance rendered to me by a number of people to whom I owe in a substantial measure in the successful completion of this project work.

I owe deep sense of gratitude to Prof. Vasantakumar Pai, Professor, Department of Studies in Industrial Chemistry, Kuvempu University, Jnana Sahyadri, Shankaraghatta-577451, Shimoga Dist., Karnataka, for his valuable guidance, suggestions, keen interest and constant encouragement throughout the work.

My gratitude to the management of Surana College, Managing trustee Smt. Archana Surana, for having provided me an opportunity to do research work. I also thank the Principal and Staff of the college for their constant encouragement.

My grateful thanks to Dr. K.N. Mohana, Lecturer, Department of Studies in Chemistry, University of Mysore, Manasagangothri, Mysore, for his keen interest in my research work at all stages.

I am highly thankful to Prof. B.S. Sherigara, Vice-Chancellor, Kuvempu University have helped me during various stages of this work.

I express my sincere thanks to Dr. R. Ramachandrappa, Professor, Jyothi Nivas College, Bangalore, for his valuable suggestions.

I am thankful to Prof. M.A. Pasha, Professor, Department of Chemistry, Bangalore University, Bangalore, for his helpful discussions.

I am highly thankful to Mr. M.K. Umakanth, Medrich, Bangalore and Dr. B.H.M Jayakumar Swamy, SCS College of Pharmacy College, Harapanahalli, Davangere Dist., for their constant help and encouragement during my research work.

I am highly thankful to my husband Mr. Jayadevappa and my daughter, Kum. Bhumika J., for sparing their precious time and co-operation during my research work.

I am ever so grateful to my parents, Sri. Mylarsetty and Smt. Jayalakshmi for their encouragement and help throughout my life have made me what I am today.

I am also thankful to my parent-in-law for their encouragement throughout my studies.

K.M. MEENAKSHI
