Acknowledgements
To the Almighty, without whose will the humble treatise of my research work would have had never been the same, I am beholden.

I feel an august privilege to articulate my deep admiration and finally gratitude to my revered guide Prof. Namrata Sharma, Department of Botany, University of Jammu, whose dexterous supervision proved to be of great boost in bringing out this research task. Her tact of maneuvering each big and small step in a very placid and serene manner inspired me to work incessantly from the very outset till the completion of this work.

Any errand at any level cannot be satisfactorily completed without the unwavering support of learned people. Words of gratitude are due to Prof. Anima Langer, Prof. Geeta Sumbali, former Heads of the department and Prof. Y.P. Sharma, present
Head of the department of Botany, for suggestions, encouragement and rendering necessary facilities.

The financial support received in the form of INSPIRE Fellowship from Department of Science and Technology, Govt. of India, New Delhi is gratefully acknowledged.

I also thank all the faculty members of the Department of Botany, University of Jammu, Dr. Venu Kaul, Dr. Sikander Pal, Dr. Geeta and Dr. Harish Dutt, who gave their whole-hearted support.

I am indebted to Prof. A.K. Koul, Dean Academic Affairs, BGSB University for constructive suggestions during the course of my research work.

I am thankful to Dr. Susheel Verma, Centre for Biodiversity Studies, BGSB University, Rajouri for providing lab. facilities for fluorescence microscopy.

I am highly grateful to Dr. Sanjay Bhatia, Department of Zoology, for identifying the insect pollinators.

My research work kept marching ahead in a streamlined manner with the unprecedented assistance, companionship and fortifying attitude of my labmates - Drs. Neeti Chhiber, Jyoti Parihar, Bhuvvi, Indu Sharma, Swati Gupta, Ms Varinderjeet Kour, Mr. Sagar Singh, Ms. Madhvi Khajuria, Ms. Veena Sembaria, Ms. Meenakshi Koul, Ms. Nighat Jabeen, Ms. Reema Goni, Mr. Eshan Sharma, Ms. Mamta Jamwal, Ms. Uma Bharti, Ms. Nazia, Mr. Upvan Bhushan, Ms. Gazala Jaffri Mir, Mr. Rinchen, Ms. Renuka, Mr. Arif, Ms. Seema and Ms. Asma.

My appreciation for all research scholars of the department and friends knows no bounds for the cheerful environment that they provided during my research work.
I wish to acknowledge Mr. Ajit Singh for meticulously preparing the photographic plates and Mr. Amit for typing the manuscript.

To all the non-teaching staff members of the department and gardeners of the Botanical Garden who helped me in one or the other way, I am deeply obliged.

This work would never have had seen the light of the day but for the blessings of my beloved parents- Ms. Talat Kousar and Prof I.A. Hamal for whom mere words won’t reflect the splendid contribution that they have made in my life. My sister Asma, my brothers Naseer and Tafazul deserve a special mention for their constructive criticism and evocative recommendations.

I would not be proficient to culminate this segment without proffering my indebtedness to Adil, my life-partner, for being a constant support and to my parents-in-law for sparing the time which I would have had otherwise devoted to my family.

Last but not the least, the charismatic smile of my little angel, Jalak-un-Nisa, always added a spark to my life even during the most strenuous situations.

Uzma
