ACKNOWLEDGMENTS

It gives me pleasure to express my deep sense of gratitude to my teacher and affectionate research supervisor Dr. B. Rajasekhar Reddy, Associate Professor, Department of Microbiology, Sri Krishnadevaraya University, Anantapur, for introducing me to this field, for inspiring guidance, fruitful discussion and constant encouragement throughout the course of this investigation. I will always cherish his understanding nature and affectionate behavior.

I express my deep sense of gratitude to the faculty of the Department of Microbiology, Prof. K. Venkateswarlu, Prof. R. Ramanjaneyulu, Prof. V. Rangaswamy, Dr. P. B. B. N. Charyulu and Dr. B. Venkatappa for their encouragement, cooperation and providing the necessary facilities to carry out research work.

I am thankful to my research colleagues, Mrs. H. Pallavi, M. Subhash Chandra and B. Viswanath for their affectionate cooperation during the course of my research work in the department.

I wish to extend my thankfulness to my senior research scholars; Dr. G. V. A. K. Babu, Dr. Narasimha, Mrs. A. Sridevi, and Dr. R. Jaya Madhuri for their useful information in carrying out my research work in the laboratory.

I thank the non-teaching staff of the Department of Microbiology, Govindu, Damodar and Santalingam for their cooperation.

My thanks are due to my beloved parents Sri. V. Linganna and Smt. V. Shashikala, my brother V. Aravind Kumar and my loving sister V. Vishalakshi for inspiration and encouragement during the course of this investigation.

Any omission in this brief acknowledgement does not imply ingratitude.

V. NARAHARI KUMAR
