Acknowledgement

I take this opportunity to express deep sense of gratitude to my honourable guide Prof. Dr. R. K. Gajjar, for her enthusiastic and motivating attitude and kind as well as keen interest she invokes for the present study.

I would like to extend my sincere thanks to Dr. Beena Sukumaran for extending her valuable guidance for this study and mentoring she has provided to me during my present research in order to give right direction.

I am very much thankful and grateful to my Doctoral Progress Committee members Dr. C. N. Ray, Professor, School of Planning, CEPT University and Dr. B. J. Shah, Professor, Applied Mechanics, Government Engineering College, Modasa for mentoring me and providing me valuable guidance as and when required.

My sincere & deepest gratitude stretches its way to AMC officials especially to Shri Dastoor (Chief Fire Officer), Shri Parghi and Shri Dabhi of Property Tax Department, Shri Mayur Patel, Additional City Engineer, Water Department, Shri Kiritbhai and Manoj Bhatt of Estate Department of Corporation for sharing the valuable information and data of Ahmedabad city, extending their experience of technical expertise and also giving their valuable time for guiding me, without which I would have been incomplete.

I am very much thankful to the Ex. Chief Secretary of Gujarat State, Dr. Varesh Sinha for introducing me to Dr. T. P. Singh (Director, BISAG) and helping me to get the permission from BISAG to access the infrastructure facilities which has provided definite value to my research work. Especially I would like to thank Shri Ashokbhai, Shri Jaideep, Shri Krunal and Shri Ajay Patel, Scientist of BISAG from the bottom of my heart. Without their genuine support and direction, it would have been impossible for me to formulate multi-hazard map in GIS.

I would like to extend my tribute to Shri D. C. Mehta and Shri K. C. Vyas, Deputy Engineer of Road and Building Department, Government of Gujarat for providing the invaluable help and data of Government Multi-storied Buildings of Ahmedabad City without which it would not be possible for me to complete the research work.

I would also like to thank the Directors of Geological Survey of India (GSI) especially Shri P. N. Sharma and Jaffar Iqbal as well as Dr. Rastogi, Director of Indian Seismological Research
to share experience and information related to the seismic map generation for Ahmedabad City.

At this point of time, it would be injustice to Shri Parag Dave of M. K. Soil Testing Laboratory, if I forget him, as he has provided the details of Soil borehole of various locations within the city.

I am thankful to Dr. Rupesh Vasani, Dean, Gujarat Technological University for providing me moral support and help through his vast experience. Also I am very much grateful to Shri Keyur Shah of GTU for providing me his expertise and helping me as and when required with great enthusiasm.

I would like to admire all my colleagues of Gujarat Technological University specially Ex. Registrar Dr. G. P. Vadodaria, Present Registrar Shri J. C. Lilani and Dr. A. K. Aggarwal, Honourable Vice Chancellor for being helpful & kind to me in an event of need.

I would like to express my sincerest appreciation to my loving Mother & Father, my brothers especially Dr. Avdhesh Jha, Professor, EDI, India, my wife Renu, my kids Saket and Aanchal Jha for providing lots of moral support without which it would have been impossible for me to complete this work.

Nilesh S. Jha
