ACKNOWLEDGEMENT

I would like to extend my heartiest thanks and express my sincere feelings to all those who are instrumental in completing this task.

I would like to express my deepest sense of gratitude to my mentor and guide Dr Sharad L Joshi, a gem of man, he who influenced & encouraged me to enter into the field of academics. He boosted my confidence at every academic effort I wished to shoulder. I am proud to reiterate that his motivation to write a book on Management Control System and to march further in this domain was in fact a seeding to the this study. I am thankful to my guide Dr Joshi for his valuable guidance and support in completion of this study.

I wish to express the gratitude to Dr Ashok Joshi (Dean PUMBA) and Dr Subhash Bhave (Research Director, IndSearch) for their kind support and motivation in this endeavor.

I would like to express my thanks to Prof. Sunil Doke, Prof Yuvraj Lahoti, Prof Radhakrishna Batule, and Prof Sadhna Gawade of VGBS for extending their whole hearted support in completion of this study.

I wish to sincerely acknowledge the conscious encouragement and constant support of Shri. Bharat Agarwal, which was of immense help in this endeavor.

Last but not the least I could not have shouldered and completed this study without the moral support of my wife Snehal and my daughters Athashri and Pinaki.
