**Acknowledgement**

During my research work and preparation of thesis I have worked with a great number of people, whose contribution in assorted ways to the research and the making of the thesis deserved special mention. It is a pleasure to convey my gratitude to them all in my humble acknowledgment.

This thesis would not have been possible without the kind support, the trenchant critiques, the probing questions, and the remarkable patience of my thesis advisor. He not only showed the way to quality research but also nurtured my ability to challenge intricacies. He was always there with that little push and encouragement whenever I felt strangled. I could not have imagined having a better advisor and mentor for my doctoral study. I owe my deepest gratitude to my thesis advisor Dr. Kamaljit Singh.

I would like to show my gratitude to Dr. Devinder Singh, Reader, Deptt. of Laws, Panjab University as a co-advisor in my project work. His sincere advice in accomplishing this venture are heartily acknowledged. I cannot express in words the tireless efforts, he put in completing, polishing and correcting the work. His comments on each chapter added to the better appreciation of each problem and its solution.

I would like to thank Dr. Surinder Jaswal, Associate Professor, Indian Law Institute, Delhi for giving the golden chance of studying at ILI, Delhi and providing conducive ambience for competent research.

I would also like to acknowledge and thank to Head of Deptt. of Laws Dr. Paramjit Singh Jaswal and other faculty members Dr. Vijay Nagpal, Dr. J.K. Chauhan, Dr. Sangeeta Bhalla and all the faculties of Deptt. of Laws for constant motivation and keeping my fundamentals up the mark.

It will never be possible for me to pay price of sacrifices which my parents have made for me. I would be failing in my duty if I do not acknowledge the encouragement and inspiration provided to me by my parents and my wife Meghna during the entire duration of my study. My parents and brother Shiv have been my greatest source of inspiration and words have no power to express to my deep sense of reverence to them, without their unconditional love, sacrifices and contribution I would not have achieved what I am today.

I wish to extend my thank to Mr. Anil Kumar for making the uphill task of typing of this script downhill and for extending his support.

Finally it is an honour and pleasure for me to thank Almighty God to make me reach this further in my journey and for giving me strength to complete this task successfully.
