ACKNOWLEDGEMENTS

As I submit this thesis, it is my pleasant duty to offer whole-hearted gratitude to my revered teacher, Prof. P.N. Mehra, D.Sc., F.N.I., F.N.A.Sc., F.B.S., Professor & Head of the Botany Department, Panjab University, Chandigarh, without whose valuable guidance, constructive criticism and healthy suggestions, the present work could not have been accomplished. Not only that he has been my guide in this arduous enterprise but also a source of constant inspiration.

My sincere thanks are also due to Dr. S.S. Kumar, Dr. M.S. Chaudhary and Mr. S.P. Choda for certain valuable suggestions and lively discussions having a bearing on the subject matter of this thesis.

Last, but not the least, I am extremely beholden to the Panjab University, Chandigarh, for financial help in the form of a scholarship.
