ACKNOWLEDGEMENT

I take this opportunity with immense pleasure to express my profoundest gratitude to my supervisor, Dr. D. C. Deka, Professor and Head, Department of Chemistry, Gauhati University, for his indispensable and sincere guidance in carrying out my research work without which this investigation would not have been possible. I have been extremely lucky to have a supervisor who cared so much about my work, and who responded to my questions and queries so promptly. I would also like to thank him for being an open person to ideas, and for encouraging and helping me to shape my interest and ideas.

I offer my humble thanks to Dr. B. C. Goswami, Professor and former Head, Department of Chemistry, Gauhati University for allowing me to work in the Department of Chemistry and also for providing all the necessary facilities which made it possible to carry out my research work.

I take the opportunity to express my deep gratitude and respect to all my teachers of the Department of Chemistry, Gauhati University for their encouragement and advice during my research period.

I am also grateful for the helps rendered by the laboratory and office staff in the Department of Chemistry, Gauhati University.

I am thankful to the authorities of K. K. Handique Library, Gauhati University, for allowing me to collect the study materials.

I am grateful to all the members of my lab, Sanjay, Priyanka, Swarnali, Satya da, Pankaj Saikia, Pranita, Monmi, Anju, Moonmoon, Subarna, Sukanya, Pankaj Kalita, Chakrabarty da, Tilutama, Vimal Kumar for their help and companionship during my research work. Special thanks to Priyanka for her role during GC–MS analysis and also training me to handle the HPLC.

My sincere appreciation goes to Dr. B. C. Bhuyan, Professor and Head, Department of Chemistry, Girijananda Chowdhury Institute of Management & Technology, Azara for his constant encouragement during my research period.
I would like to give heartiest thanks to all my colleagues of Department of Chemistry, Girijananda Chowdhury Institute of Management & Technology for their valuable tips.
I am thankful to all my friends and all other research scholars, Department of Chemistry, for their support and cooperation.
Most importantly, I would like to thank my parents for always believing in me, for their continuous love and their supports in my decisions. Special thanks to my wife Jayashree for her support, encouragement and great patience at all times.

Kajal Dutta
