ACKNOWLEDGEMENTS

The author is deeply indebted to Professor G.I. Finch, F.R.S., Director, National Chemical Laboratory, Poona, for his supervision and keen interest in the work, and also for his kindness in giving an opportunity to work in his Laboratory.

The author is thankful to Dr. A. Goswami, Ph.D. (London), D.I.C., for his encouragement and many helpful day-to-day discussions.

The author also wishes to thank his many other colleagues, especially Dr. A.B. Biswas, Dr. M.K. Gharpurey, Dr. A.P.B. Sinha and Mr. V.R.G. Moorti for their many courtesies.

Thanks are also due to the Director, National Chemical Laboratory, Poona, for permission to submit this work in the form of a thesis.
