ACKNOWLEDGEMENTS

I am extremely grateful to Dr. D. P. Thombre, Director-Professor and Head, Department of Physiology, JIPMER, Pondicherry for the valuable guidance and the constant encouragement throughout the work. My special thanks are due to the Director, JIPMER, Pondicherry and the Dean, JIPMER, Pondicherry for allowing me to utilise the facilities in JIPMER to carry out this Ph.D. work.

I also thank Dr. V. Srinivasan, Dr. Madanmohan, Dr. Debbindu Konar and Dr. Susheela Veliath for the valuable suggestions and timely encouragement. I thank all my departmental colleagues for the timely help.

My special thanks are due to Mrs. Bharathi Balakumar for the help in the statistical analysis of the data and to Mrs. Selvam Sree Ramachandra Raj for the help in the histological procedures. My thanks to Sri M. A. F. Delaperle and to all my departmental technical staff.

My sincere thanks to Dr. S. Lakshmanan, Professor and Head, Department of Anatomy for allowing me to utilise the facilities for histological analysis and for the encouraging suggestions. My special thanks to Dr. K. Ramachandra Rao, Department of Anatomy for the immense help in photomicrography.
My special thanks to Dr.P.H.Ananthanarayanan, Director-Professor and Head, Department of Biochemistry for allowing me to utilise the departmental facilities for biochemical analysis. I thank Dr.P.Rathnaswamy and Mr.L.Sandirasegarane of the Biochemistry Department for the help in the biochemical estimations. I am extremely thankful to Dr.R.Sundaresan and Dr.A.Balasubramanian of Biochemistry Department, for the valuable suggestions and encouragements.

I owe my sincere thanks, to Dr.Ajit Sahai, for the guidance in the statistical analysis of the data and to Dr.S.Ramaswamy, Department of Pharmacology for all the valuable suggestions during the study.

My special thanks to Dr.R.N.Biswas, Head of Office, Public Health Laboratory and Dr.K.Balasubramanian, Public Health Laboratory, Pondicherry for the extreme help in enzyme estimations.

The excellent typing of Mr.S.Perumal in preparing this manuscript is gratefully acknowledged. Last but not the least, I will ever remain grateful to all the animals used for this thesis work.

Department of Physiology, JIPMER, Pondicherry-605006
