Acknowledgement

Happiness cannot be expressed by words and help taken cannot be left without thanking’’ So, with reverence and honour, I acknowledge all those, whose guidance and encouragement has made it successful in winding up this research work.

I cannot but consider myself fortunate to have worked under the guidance of knowledge hungry, excellence pursuing and ever helpful personality of Dr. Hina Kousar, Assistant Professor of Environmental Science, Kuvempu University, Shankaraghatta. I avail this opportunity to express my heartfelt gratitude and indebtedness towards her for her invaluable guidance, keen interest, motivation and personal affection throughout the course of investigation.

I also express my sincere gratitude to Dr. S.V. Krishnamurthy, Professor, Dr. J. Narayana, Professor and Chairman and Dr. Yogendra, K., Assistant Professor, Department of P.G. Studies and Research in Environmental Science, Kuvempu University, Shankaraghatta for their co-operation and help in timely completion of this research work.

With great pleasure, I wish to express my deep sense of reverence and sincere thanks to Dr. E.T. Puttaiah, Professor of Environmental Science, Kuvempu University and Hon’ble Vice-Chancellor, Gulbarga University, Gulbarga for his encouragement.

I take this opportunity to sincerely acknowledge the University Grants Commission, (UGC), New Delhi, for providing financial assistance in the form of Meritorious Research Fellow which helped me to perform my work comfortably.
I feel privileged to offer my sincere thanks and owe an enormous deal of gratitude to Mr. Abdul Kareem, Lab Technician, Rotary Lions Club, Shivamogga, for his help and guidance in placing instruments in different areas of Shivamogga city, which would otherwise have made my research extremely difficult.

I immensely thank Mr. Chandrasekhar, M., Department of Horticulture, Plant Nutrition, Biotechnology Center, Hulimavu, Bangalore, for his help during analysis of leaf samples for heavy metal deposition.

I am delighted to place my profound regards to Sirajuddin M. Horaginamani, Research Scholar, Department of Environmental Management, School of Environmental Sciences, Bharathidasan University, Tiruchirappalli.

My special acknowledgements go to all those people who made possible the difficult task of blood collection for my experiments. My warm appreciation is due to Sharda Diagnostic Center, Bangalore, for providing all the necessary facilities and help for the collection of blood. I feel highly indebted to Dr. Balasubrahmanya, H.V. and Mr. Shanmukha, K.N. for their help in blood collection.

I express my deep sense of gratitude to Dr. Vittal B. Kuligod, Associate Professor, Department of Soil Science, University of Agriculture Sciences, Dharwad, for his valuable suggestions. I deem it my privilege to express my deep sense of gratitude and sincere thanks to Dr. Manjunath, Assistant Professor, Department of Biotechnology and Bioinformatics, Kuvempu University, Shankaraghatta, Dr. P. Sridhara Herle, Associate Professor, Agriculture College, Shivamogga, Mr. Madhu, Guest Lecturer, Department of Education, Kuvempu University and Dr. Somashekar Achar, Guest Lecturer, Department of Applied Botany, Kuvempu University.
I thank the Library Staff of Kuvempu University, Shankaraghatta, for providing useful information for my research work.

Last, but not the least, I am extremely grateful to all my colleagues and non-teaching staff of Department of Environmental Science, Kuvempu University, Shankaraghatta for their co-operation and help.

I feel great happiness to sincerely thank my Father and Mother for their support and persistent encouragement towards successful completion of this research work.

Above all, I fail to adequately express my whole hearted thanks to my wife, Ayesha Naaz and my son, Mohammed Zeeshan, who sustained the pangs of my research work all through.

I thank SGS Computer Center, Shankaraghatta, for their assistance in computer related work.

Above all, I express my indebtedness to the “Almighty” for His blessings and kindness.

Adamsab M. Patel
