ACKNOWLEDGEMENTS

It is very difficult to name all the sources of inspiration; moreover, words are often too feeble a mode of revealing one’s sentiments and feelings of indebtedness. At the outset I would like to take this opportunity to express my deep sense of gratitude to my research supervisor Prof. R. A. Singh for his insightful guidance, patience and constant encouragements during my entire research work. I have learnt many things about research and various skills from him. His passionate devotion in Physics and relentless curiosity in materials research have been and will always remain a great inspiration for me and my future career.

I am also thankful to all the TAC members Prof. A. P. Mishra and Dr. J. Singh for their assistance when needed and also for providing me numerous reliefs at times.

I express my gratitude to Prof. M. S. Tiwari, Prof. S. K. Shrivastava, Dr. Mohan Tiwari, Dr. Ashish Verma, Dr. Sandhya Patel, Mrs. Rekha Garg Solanki and Dr. Poornima Varma (women scientist) for their valuable suggestions. I would like to express my respectable thanks to Dr. Ranveer Kumar for the invaluable inspiration and numerous insightful suggestions during the entire course of this research. It was an unforgettable support for me.

I am also appreciative to Dr. Maheshwar Panda, Dr. Prashant Shukla, Dr. Anupama Chandra, Dr. Krishna K.Dey and Dr. Manasi Ghosh for their kind encouragements and motivation.

I would also take this opportunity to extend my sincere thanks to Bheeshma Pratap Singh, Research Associate at BARC, Mumbai, for his valuable inputs, insightful comments and constructive criticisms at different stages of my research which were thought-provoking and helped me to focus on my ideas.

In addition, I heartedly recognize Prof. R. Pandey, Michigan Tech University, USA for his support and valuable suggestions.

I wish to thank Dr. N. P. Lalla, IUC-DAE Consortium for Scientific Research, Indore and his entire team for giving me permission to do TEM characterization in their laboratory.

It is with sincere gratitude that I wish to thank my Senior labmates Dr. A. K. Parchur, Dr. Santosh Prabhakar, Dr. Nivedita Jain and Dr. Harsha Dehariya of Department of Physics and colleagues Javeed Ahmad War, Kalpana Awasthi and Bijendra Kusmariya of department of chemistry for the help and their awesome company.
I am also thankful to all the teaching and non-teaching staff of the department of Physics for extending co-operation during this period especially Manish sir, Gurjar Sir, Chintamadi sir, Tamrakar sir, Vidhya sir and all the staff members of Department of Physics, Dr. H. S. Gour University, Sagar (M.P.) for their kind co-operation during the work.

I feel short of words to express my appreciation, gratitude and indebtedness to my father Shri Ombir Singh and mother Smt. Sushma Singh and my in laws Shri Jitendra Singh Kuntal and Smt. Asha Kuntal for their unbounded love, blessings, encouragement and supports in various ways. I thank them for instilling in me the importance of education and balance in life. I also wish to share my appreciation to my Life partner Lalit Kuntal for his valuable support and encouragement. I would also want to share my love and affection to my younger brothers Chetendra Vir Singh, Vishwvir Singh and Sisters Chandni Kuntal and Roli Kuntal for their kindness, warmth and their lovable company.

I would also like to acknowledge the Central Research Fellowship (CSR) provided by UGC for financial assistance in various forms.

Many others that have been involved also deserve recognition. It is however, not possible to list them all here. Their support in this effort is, however, greatly appreciated but this acknowledgement would be incomplete if the name of great visionary, Dr. Harisingh Gour, is not mentioned, who made this divine centre of knowledge – Dr. Harisingh Gour University. Deepest regards to him. Last but not least, I wish to thank all my friends and foes and the persons whose names have not been included on this piece of paper for extending their cooperation directly or indirectly.

Finally, I am grateful to Almighty for giving me patience to make this endeavour a success.
